LETTER OF TRANSMITTAL

DENVER, COLORADO, January 1, 1913.

To His Excellency,
JOHN F. SHAFROTH,
Governor of the State of Colorado,
Capitol Building.

Dear Sir: I submit herewith for your consideration the annual report of the Public Examiner, Mr. H. J. Leddy, as provided in section 4, page 457, of the Session Laws of 1909.

In the report proper you will find recommendations pertaining to state and county finances, and suggestions for the betterment of accounting conditions therein.

I desire to specifically call your attention to the Public Examiner's Act, appearing in the Session Laws of 1909, under which this department operates. This law is weak in certain respects, more particularly as regards county investigations, and does not give the people of the state the proper protection.

As an instance I will state that in certain counties, in which shortages and irregularities were discovered, the district attorneys have refused to start prosecutions or civil suits for recovery of such moneys. Such refusals may easily be accounted for when you consider that usually county officers are the heads of the ruling political party in their county, and district or county attorneys are dependent on their votes for re-election or political advancement. To remedy this condition, and to carry out the purpose for which this department was created, I would recommend that legislation be enacted empowering and mandating that the Attorney General, on the request of the Governor of the state, prosecute violators of this act in the District Court of the proper county.

You will find on page 7 in the report the technical wording of the suggested change of section 9 of the Public Examiner's Act, which, if the needed legislation is enacted, will effect the protection necessary.

The accounts of all the state institutions, boards, and bureaus have been checked for the year 1912, and it affords me pleasure to advise that all, in so far as we are able to determine from the investigation of their vouchers and books of record, are free from graft.

There have, however, been irregularities disclosed in certain boards, all of which are covered in the report.

These are due more to the indefiniteness of the laws under which they operate, the laws not clearly defining or limiting the power of these boards in the matter of expenditures.

A matter of large importance to the state is the necessity of legislation mandating that all state institutions, boards, bureaus, and departments annually invoice all property—real, personal, or mixed—under their supervision.

Until annual inventories are taken, and some supervisory board appointed to investigate the correctness and appraise the value of such items invoiced, there will be a very great chance of graft.

No comparative statistics, with any degree of correctness, can be compiled showing the expense of one year against another for any institution, unless such inventories are considered.

As regards that part of the Public Examiner's Act pertaining to the installation of a uniform system of accounting and reporting, I will state that, so far as the counties are concerned, forms of books and blanks for both the accounting and reporting have been compiled and sent to the county commissioners, with instructions as to their use, together with an order that they be immediately installed.

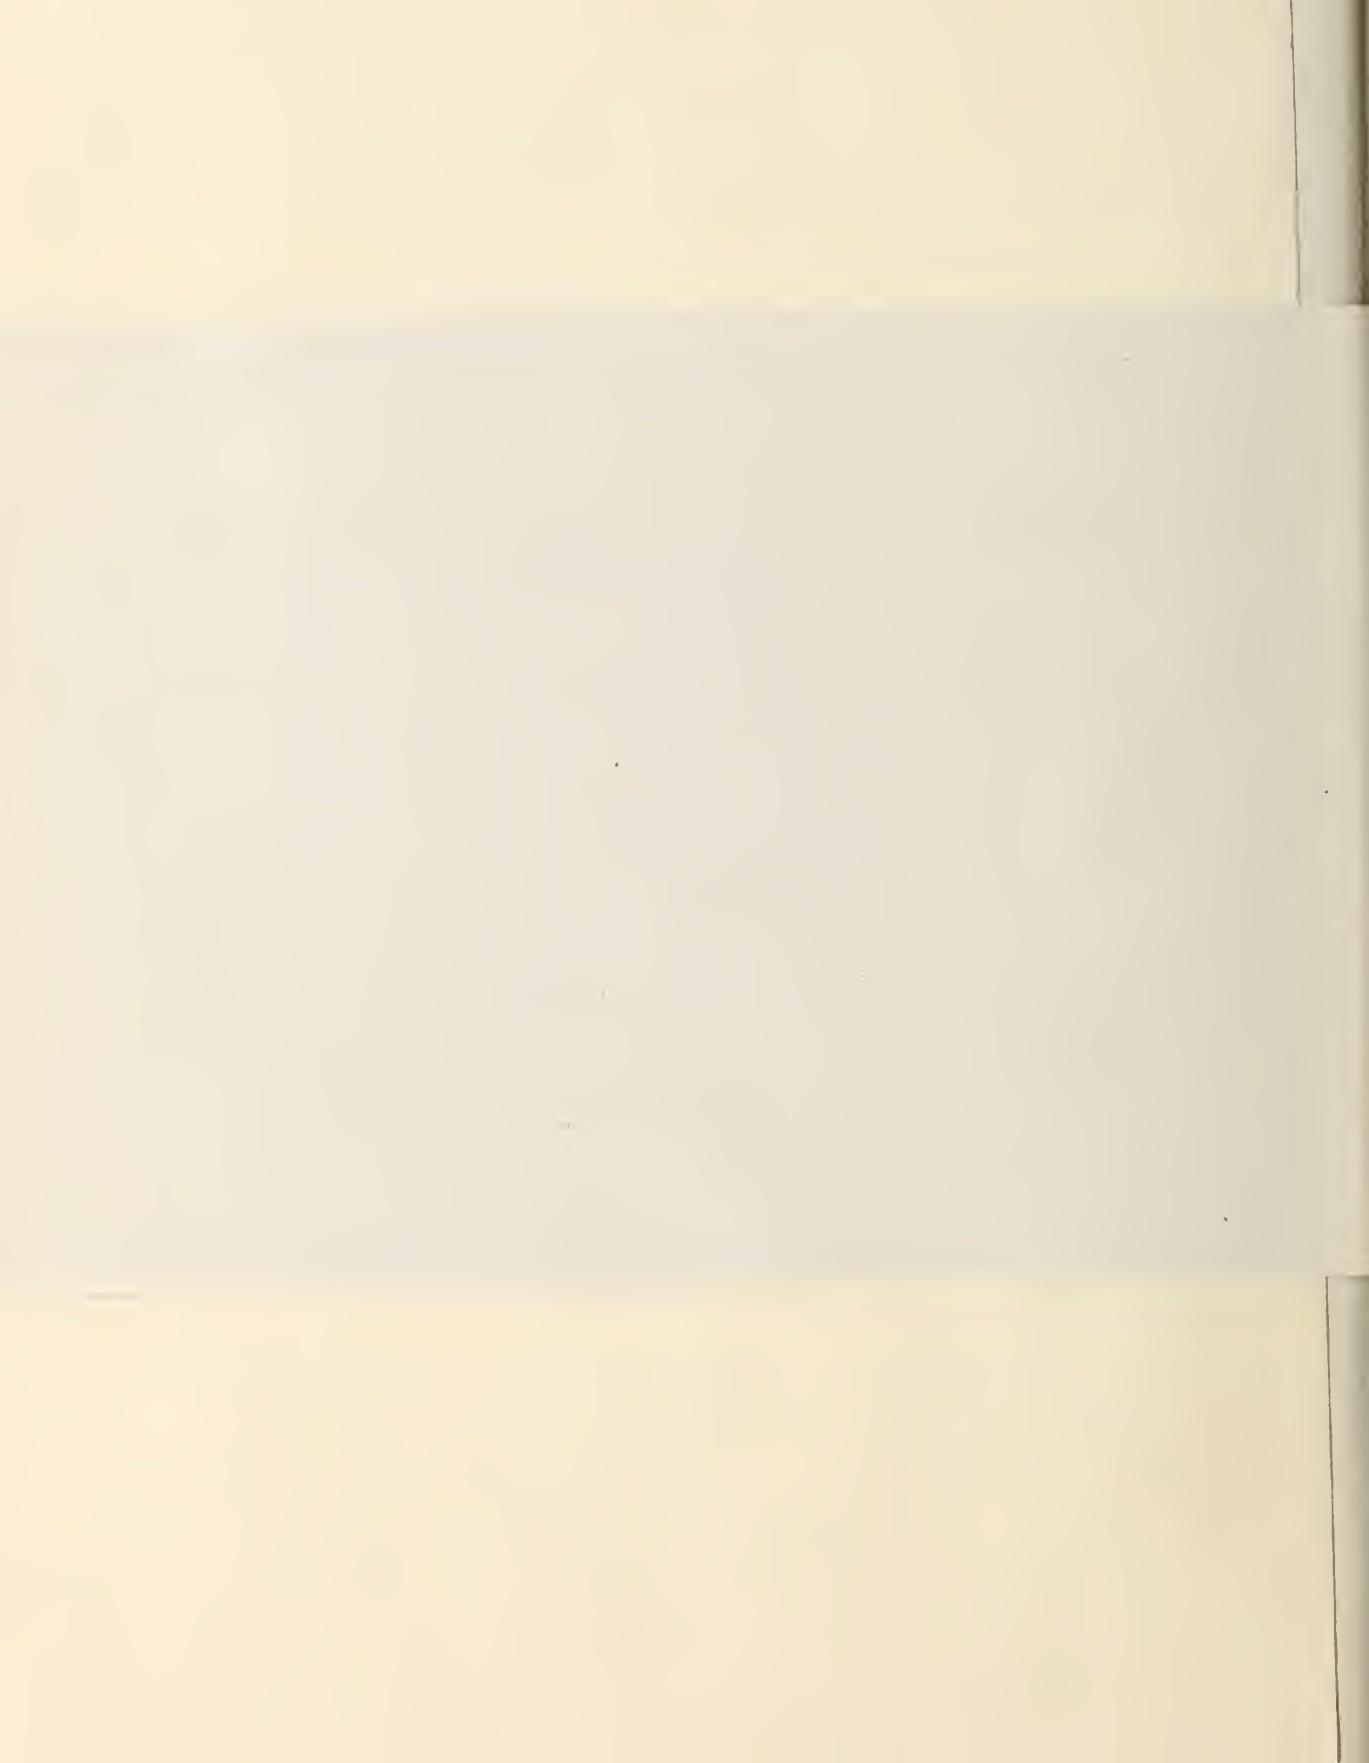

Regarding the annual reports of the county treasurers, transcripts of which are included in this report, I will state that numerous errors appear in these statements. This is largely accounted for by the fact that these are the first reports filed under the new system of reporting, and the county officers are not entirely familiar with the manner in which the reports are to be made out. Owing to the fact that the reports arrived in this office at such a late date, it was impossible to return them for correction and include them in this year's report. Reports on the offices of county sheriffs and county clerks have been recapitulated and not transcribed in detail, on account of lack of space, the Public Examiner's report being limited by law to 300 pages.

Respectfully submitted,

M. A. LEDDY,
Auditor of State.

The following references were inadvertently omitted in printing the Public Examiner's Annual Report for 1912:

- Reference on page 9, under "County Fund," line 2, should read page 448-450.
- Reference on page 10, line 7, should read page 448-450.
- Reference on page 12, line 14, should read page 466-469.
- Reference on page 12, line 20, should read page 466-469.
- Reference on page 12, line 34, should read page 13-15.
- Reference on page 16, line 17, should read page 21.

RECOMMENDATIONS

OF

THE STATE AUDITOR

M. A. LEDDY

TO

His Excellency, Governor John F. Shafroth, and the
Members of the Nineteenth General Assembly

The following matters have come under my observation within the last year on which some action should be taken, and recommendations for the improvement of these unsatisfactory conditions are made, as follows:

GENERAL—STATE DEPARTMENTS

AUDITOR—TREASURER

CLASSIFICATION—ORDER OF PAYMENT OF APPROPRIATIONS

On page 214, section 166, of the Revised Statutes of 1908 appears the act governing the classification as to the order of payment of all bills carrying appropriations.

Owing to the indefiniteness of the section, it is hard to determine, in numerous cases, the class into which appropriations should properly be thrown.

Serious questions necessitating legal advice arise under the existing law, and more especially between the first and fourth classes. There follows a transcript of this law:

“166. Order of payment of appropriations.—Sec. 1. In case the available revenues of the state for any fiscal year are insufficient to meet all the appropriations made by the general assembly for such year, such appropriations shall be paid in the following order:

First—The ordinary expenses of the legislative, executive and judicial departments of the state government, and interest on any public debt, shall first be paid in full.

Second—Appropriations for all institutions, such as the penitentiary, insane asylum, industrial school and the like, wherein the inmates are confined involuntarily, shall be next paid.

*Third**—Appropriations for educational and charitable institutions; *Provided*, That in case there are not sufficient revenues for any fiscal term

to meet in full the appropriation for educational and charitable institutions, after providing for the necessary amounts appropriated according to paragraphs first and second of this act, then in that event whatever there may be to apply on account of said appropriations for said educational and charitable institutions, shall be distributed among all of said institutions appropriated for (under this clause of said act) pro rata according as the amount appropriated for each of said institutions shall bear to the total amount available for all of said educational and charitable institutions for said fiscal term. [L. '99, p. 21, §1, amending L. '97, p. 21, §1, ¶3.]

Fourth—Appropriations for any other officer or officers, bureaus and boards, to be paid pro rata, if there be not sufficient funds to pay in full.

Fifth—All other appropriations made pro rata out of the general fund shall next be paid from all revenues available to meet such appropriations. [L. '97, p. 21, sec. 1.]*

* The third class as specified by L. '97 was amended by adding the proviso (L. '99, p. 21, sec. 1). [See also chapter 57, Funds.]

Legislation should be enacted clearly defining, as regards the first class, what is intended by the words "legislative, executive and judicial departments of state government;" and the fourth class should be equally explicit, to enable the State Auditor to determine as to what officers, bureaus, or boards do not come properly under the first class, as legislative, judicial, or executive departments.

As regards the second and third classes, I will state that in rare cases appropriations for the same institutions appear in different years under different classes.

If this matter of classification can be simplified, it will save much labor on the part of the Attorney General, Auditor, and Treasurer, and will do away with the unfairness that any auditor or treasurer might manifest against a particular board or institution, in cases where the law as to classification is not clear.

APPROPRIATIONS

I also recommend that a law be provided requiring that all bills carrying "appropriations" should, before passage, be presented to the Attorney General for approval as to legality, form, and whether in conflict with other legislation. This recommendation is prompted by the haphazard manner in which appropriation bills of all classes have heretofore been passed, constantly placing the State Auditor and State Treasurer in the unfortunate position of having to determine in each individual case whether payment under such appropriations should or should not be made, thus requiring these officers to shoulder the responsibility relative thereto. Many embarrassing questions under this head have been presented during the present biennial period—questions which were incapable of determination without disappointment and dissatisfaction. This condition should be remedied. This was also recommended by my predecessor.

STATE AUDITOR

PUBLIC EXAMINER'S ACT—SUGGESTED CHANGE

This matter is referred to in my letter of transmittal to the Governor, and it is recommended that section 9 on page 459 of the Session Laws of 1909 be repealed, and the following reconstructed section be enacted in its stead:

Section 9 as enacted and in force:

"Section 9. The Attorney-General, District or County attorney, shall, when called upon by the Auditor of State, the Public Examiner, aid in any investigation or matter, giving legal advice; and shall supervise the prosecution of all violations of the provisions of this act."

Section 9 as reconstructed for enactment:

"Section 9. The Attorney General, district or county attorney, shall, when called upon by the Public Examiner, aid in any investigation or matter, giving legal advice, and shall supervise the prosecution of all violations of this law. Whenever it shall appear to the Public Examiner that any person has committed any crime or misdemeanor under any of the laws of this state, he shall forthwith inform the district attorney of the proper district of the same, who shall prosecute any such crimes or misdemeanors as provided by law. In the event that the district attorney shall fail or refuse to prosecute as aforesaid, the Public Examiner may present the matter to the Governor of the state, and upon request of the Governor the Attorney General shall prosecute any person charged with such crimes or misdemeanors, in the District Court of the proper county, and to that end the Attorney General may file informations as informant, subscribing his name or that of his deputy thereto, and all provisions of law relating to informations, except as above designated, shall be applicable in the trials of such crimes and misdemeanors.

In all cases where it shall appear to the Public Examiner that any moneys are due or owing to any county, public institution, or other public body other than the state, coming within the provisions of this act, from any person, firm, association or corporation, or public officer, or whenever it shall appear to the Public Examiner that a course of action exists in favor of any county, public institution, or other public body other than the state, coming within the provisions of this act, against any person, firm, association, corporation, or public officer, for the payment or recovery of money or otherwise, it shall be his duty to present such matters to the proper officers of the county or public institution, as the case may be, and to the attorney, if any, required or authorized by law to bring action for the payment or recovery of such money or otherwise; and in the event of any failure or refusal to act in the bringing of such action, the Public Examiner may present any such matters to the judge of the District Court of the proper county, who shall, if he finds that the officer required or authorized to bring such suit is interested or negligent in the performance of his duty, appoint some competent attorney of record, who shall be authorized to begin and carry on said action, in behalf of any such county, public institution, or other public body, as the case may be, and as its attorney, and such attorney shall be entitled to such compensation for his services as the court may fix, to be paid by the county, public institution or public body in whose behalf the action is brought. Except as above designated, all provisions of law now relating to the bringing of any such civil actions shall be applicable."

PUBLISH IN LOCAL PAPERS PUBLIC EXAMINER'S REPORTS

It is recommended that legislation be enacted making it necessary for the county commissioners to have published in their local papers the findings, as reported by the Public Examiner, as regards the investigations of county offices and officers.

Such publication to include the complete report on all fee offices, and any statement as regards overpayment of salaries or unauthorized payments of whatever nature.

ALL STATE AND COUNTY OFFICERS

COMPILATION OF VOLUME SEGREGATING REVENUE LAWS PERTINENT TO EACH OFFICER OR DEPARTMENT

It has appeared from our investigations that certain laws affecting the collection of public revenue have in some cases been overlooked, and that unauthorized payments have, with extreme frequency, been made by various state and county officers. Such payments are violations of the statutes, but are largely accounted for from the fact that the average office-holder is ignorant of many of the laws limiting and defining his duties, as regards county revenue and the expenditure of county funds.

It is a matter of large importance that some plan be employed to educate the officers along these lines.

Frequently county moneys are disbursed for purposes which the statute specifically prohibits. After such expenditures are made (and in many cases they are made with the best of intentions on the part of the county officers), it is difficult to recover such moneys.

Even though such collections could be made, it would work hardship on many honest officers, who have exceeded their authority solely through ignorance.

It is recommended, therefore, that legislation be enacted providing for the compilation of a volume segregating, under each and every county and state officer and department, any and all laws pertinent to such offices or departments, county or state, concerning revenue, expenditure of funds, etc., and further providing that on the proper department of state government there be imposed the duty of advising, after each session of the legislature, every officer of any new laws enacted affecting his particular department of government.

A draft of any new laws enacted should be pasted in the volume compiled, in order that at all times this volume may be up to date.

MARKING STATE EQUIPMENT TO INDICATE OWNERSHIP

It is suggested, as a safeguard against loss, that all equipment, such as mechanical devices, equipment used in the improvement of highways, tools, implements, wagons, automobiles, etc., be marked in some ineradicable manner, to show plainly that any such article is the property of the State of Colorado. This recommendation applies to all institutions, penal and charitable, and to all state boards, bureaus, and departments. Legislation should be enacted providing that persons empowered to purchase supplies of this nature for the different departments of state government shall have such supplies so marked.

COMMISSION CHARGED FOR COLLECTION OF STATE TAX

Section 5531, page 1301, of the Revised Statutes of 1908 provides that the state shall not pay any expense incurred in the assessment or collection of taxes.

On page 721 the following section appears:

"2537. Fees of county treasurer.—Sec. 19. The county treasurer shall charge and receive the following fees and commissions:

1. Upon all moneys received by him for town and city taxes, whether such towns or cities be incorporated under the general laws or by special charter, and anything in said charter to the contrary notwithstanding, and upon all school taxes in counties of the first class, one per cent.; in counties of the second class, one per cent.; in counties of every other class, one per cent. on school taxes, and two per cent. on town and city taxes.

2. Upon all moneys received by him for taxes of every other kind in counties of the first class, one per cent.; second class, one and one-half per cent.; third class, two per cent.; fourth class, three per cent.; fifth class, five per cent.

3. For receiving all moneys other than taxes in counties of every class, one per cent.

4. For each certificate of purchase, in counties of every class, twenty-five cents; for each tract therein described in counties of every class, five cents.

5. For each certificate of redemption in counties of every class, twenty-five cents; for each tract therein described in counties of every class, five cents.

6. For making treasurer's deed in counties of every class, one dollar; if such deed contains one description, and for every subsequent description, five cents. [L. '97, p. 159, §1; amending L. '91, p. 211, §6]."

Under the authority given in the second division of section 2537, which reads, "Upon all moneys received of every kind," the county treasurers quite generally charge a commission on the collection of state taxes, and as section 5531 mandates that the state shall not pay the expense in collection of taxes, such charge is made against the county and collected from the county.

The reason for county treasurers so doing is to increase the fees of their office, thereby increasing the treasurers' salaries.

If it is the intention of this law, as interpreted by the legislature, that the treasurers are entitled to no fee for collecting state taxes, legislation should be enacted to remedy the conflict in the above-quoted sections.

COUNTY FUNDS—BEARING NO INTEREST

Some legislation should be enacted to compel county treasurers to collect interest on the county moneys in their hands. Page 44, 50 shows the general balance of public moneys in the hands of each county treasurer on the 1st of January, 1912.

The total in the hands of all treasurers on this date amounted to \$2,721,399.08.

The average daily balance for the year would largely exceed this amount, due to the fact that county finances in the months of December and January are at a lower ebb than at any other time of the year.

Of the above amount there is \$937,797.05, the moneys of fourteen counties, on which the county treasurers draw interest from the banks and place same to the credit of the county.

The funds of the remaining forty-eight counties, aggregating on January 1, 1912, \$1,783,602.03, according to statements of the county treasurers, draw no interest.

Interest on this sum at $2\frac{1}{2}$ per cent amounts to \$44,590.55. Inasmuch as fourteen counties draw interest, and considering the fact that the state draws 3 per cent on its money, deposited in many cases with the same banks which allow the counties no interest, it is very evident that some legislation is needed to remedy this condition.

A little further light on this matter may be of interest, and in this connection I will take up the matter of county treasurers' bonds. Page, above referred to, indicates the amount of county treasurers' bonds by counties, the cost, if purchased from bonding companies at current rates, etc.

Several county treasurers state that no interest is collected on county funds from banks, but the banks furnish the treasurer's bond.

The cost from bonding companies of bonds for all of the sixty-two county treasurers, at the current rates, would amount to \$10,565, which, if advisable, could be paid from the county funds, if authorized by legislative enactment.

In this event, if county treasurers were forced to collect interest on deposits—which can be easily complied with, as numerous sound banks in the state would be very glad to get the deposits on a fair rate of interest—there should still remain as a saving to the counties from \$35,000 to \$50,000 a year.

A further argument in favor of such a plan is the advantage of having regular bonding companies carry these bonds in place of individuals or banks, from whom, in case of defalcations, it sometimes is impossible to make collections.

COUNTY OFFICERS—FISCAL YEAR—TIME INCOMING OFFICIALS SHOULD TAKE OFFICE

It is recommended that necessary legislation be enacted to effect the induction into office of all county officers on the first of January, instead of on the second Tuesday in the month.

The fiscal year ends on the 31st of December, and for practically all the county officers to run over for from ten to twelve days in the next year's business causes a very great deal of confusion in the matter of accounting.

The year's business is closed up on the 31st of December; but, instead of being turned over to the incoming officer at that time, and when the books are in balance, etc., the outgoing officer holds office for several days, and then makes his turn-over.

Under the present fee system this is particularly confusing, making it very difficult to compute the exact salary allowances, etc.

FUNDS OWING TO COUNTIES—WHEN SUCH DEBTS OUTLAW

I am advised through the Attorney General's department that criminal action after three years, and civil action after six years, cannot be brought against county debtors. To enable the counties to recover funds, owing and uncollected, which have run in excess of this limit of years, legislation should be enacted to the effect that debts to the county shall never outlaw. The state is protected in this respect, and it is important that the counties should be also.

The necessity for such a law is very apparent from a consideration of defalcations, shortages, etc., of county offices, which in many cases are not discovered until years after, in which case it is impossible to bring the offenders to justice.

COUNTY AUDITING BY PRIVATE INDIVIDUALS

As regards this matter I wish to recommend that legislation be enacted prohibiting county or district judges from appointing committees or individuals to audit the county offices, and county commissioners from paying county moneys to private individual or firms for such auditing.

Moneys spent by the several counties of the state during the year 1911 for auditing the county offices amounted to \$24,364.17. The cost of maintaining the Public Examiner's department for the fiscal years 1911 and 1912 amounted to \$57,712.39, or approximately \$29,000 per year. From this it will be seen that the counties spent within \$4,635.83 of the entire amount necessary to maintain this department.

The state board is authorized to do this work, and when done by both the state and individuals, there is a duplication of expense and labor entirely uncalled for.

To show the fallacy in such contracts entered into with individual firms, I will bring to your attention the fact that it often happens that, in order for an accounting firm to secure a county contract, it is necessary to gain the support in some cases of the officers whose accounts are to be checked. In such cases it is human nature to feel kindly toward the man who is helping and employing you, with the result that the report of such findings may be prejudiced.

Further, as regards investigations, I will state that the condition of county finances often governs the commissioners in the latitude of the investigation ordered for their county. The report ordered one year may include all offices and cover every phase of accounting, together with a report as to whether or not all mandates of the statutes have been complied with, as regards the expenditure of county funds; whereas another year, for reasons of economy, only part of such report would be contracted for.

Another objectionable feature of having different auditing firms report on county work is the lack of uniformity. One firm's report is made in a certain form, while the form of report of another firm may be very different. This is a detriment in the way of compiling comparative statistics for one county as against another.

The reports, if made through the state government, under the statutes, must be absolutely fair and unbiased.

As there is no obligation on the part of the Public Examiner's department to any county officers, as is the case with private accountants, such reports should be more impartial.

A statement indicating the amount paid by the different counties for this work will be found farther on in the report.

ABOLITION OF FEE SYSTEM

The fee system, in so far as it applies to the compensation or salaries of county officers, is one of the most pernicious practices of the modern political system, and the abolishment of this evil, in so far as economic conditions will permit, should be the basis of action by the legislature at its next session.

I am informed that this matter was under discussion at the eighteenth session of the legislature, with the idea of placing every county officer on a specified salary, to be paid out of the county general fund, irrespective of the fee earnings of that office. This plan met with serious objection, more especially with respect to counties of small population, on the ground of economy. It was contended that the salary expense of the small counties would be con-

siderably increased, inasmuch as, under the present system, the officers have never been able from their fees to earn the maximum salary allowed by law, and if reimbursed with a straight salary, based on the present maximum allowances, this increase would have to be borne by the taxpayers.

Granting the logic of this contention, it would appear that, if the counties were reclassified according to population, together with a consideration of the comparative fee earnings of the different county offices, one county against another, a salary basis could be determined whereby neither the earnings of the offices nor the expense to the counties would be materially affected.

If it is the will of the legislature that this fee system be not abolished *in toto*, unquestionably the offices of county sheriff, county treasurer, and county clerk in each and every county in this state should be placed on a straight salary basis.

In this connection I wish to refer you to Report No. , on page , which shows in detail the present classification by counties, the population of counties as indicated by the censns of 1910, the maximum salary allowed clerks, treasurers, and sheriffs of the different coonnties, and the deficit in those counties in which these officers failed to make from their fees the maximum salary allowed by law.

You will notice, in considering Report No. , that in 189 offices, consisting of treasurer, sheriff, and clerk, from the officers' reports from sixty-one coonnties, only forty-one of these officers failed to earn sufficient fees to satisfy the maximum salary allowed under the statutes, and the entire amount of deficit from the maximum allowance in these forty-one offices amounted to only \$19,434.93.

The amount of expense to which the coonnties are put, through fee officers endeavoring to make their fees sufficient to pay the maximum salaries, is several times as great as this deficit. This is easily understood by considering, for instance, the office of sheriff, in which, for every fee earned for criminal service, in addition to the fee, the county bears the expense attending such service. The expense to the county for feeding prisoners should be materially decreased if the fee system as a salary basis was discontinued.

As a foundation for the legislation necessary to correct this evil, you will find on page of this report a draft of a bill providing for the reclassification of the counties, abolishment of the fee system as regards county sheriffs, treasurers, and clerks, and indicating the deputies that should be provided, the salary of the officers conforming to the coonnty classification, etc.

In this connection I will state that I believe it wise, in reclassifying the counties according to population, to make this classification cover not only the salaries, but also the fees collected for service to the public. Under the present classification as to fees charged, certain counties of approximately the same population have a different scale of prices for the same services, and at the same time the salaries of these officers, being under the same classification, are identical. This should be remedied to the effect that the classification as to salaries, and as to fees charged for services, in any one county may be the same.

A BILL

FOR

THE CLASSIFICATION OF COUNTIES FOR THE PURPOSE OF PROVIDING FOR AND REGULATING THE SALARIES OF COUNTY SHERIFFS, COUNTY CLERKS, COUNTY TREASURERS, AND COUNTY COMMISSIONERS, AND TO REPEAL ALL FORMER ACTS IN CONFLICT THEREWITH

Be it Enacted by the General Assembly of the State of Colorado:

Section 1. For the purpose of providing for and regulating the salaries of county sheriffs, county clerks, county treasurers, and county commissioners, the several counties of this state shall be classified, only in so far as the salaries of these county officers are affected, with reference to population, and divided into classes as follows: The City and County of Denver shall be first class. The Counties of Pueblo, El Paso, Weld, Las Animas, and Boulder shall be second class. Larimer, Mesa, Otero, and Fremont shall be third class. Teller, Delta, Huerfano, Jefferson, Conejos, La Plata, Lake, Montrose, Arapahoe, and Garfield shall be fourth class. Morgan, Logan, Prowers, Adams, Yuma, Routt, Kit Carson, Chaffee, Rio Grande, Washington, Lincoln, Gunnison, Costilla, Elbert, Bent, Montezuma, and Clear Creek, shall be fifth class. San Miguel, Pitkin, Saguache, Gilpin, Cheyenne, Ouray, Archuleta, Douglas, Phillips, San Juan, Sedgwick, Eagle, Kiowa, Baca, Park, and Rio Blanco shall be sixth class. Summit, Custer, Grand, Mineral, Jackson, Hinsdale, Dolores, and Moffat shall be seventh class.

Sec. 2. The sheriffs of the several counties of this state, with the exception of the sheriff of the City and County of Denver, shall receive, as their only compensation for their services rendered, an annual salary, to be paid out of the general county fund; to-wit: in counties of the second class, the sum of \$3,000; in counties of the third class, the sum of \$2,800; in counties of the fourth class, the sum of \$2,500; in counties of the fifth class, the sum of \$1,700; in counties of the sixth class, the sum of \$1,500; in counties of the seventh class, the sum of \$1,200. The sheriffs, undersheriffs, and deputies shall be allowed actual traveling expenses, payable out of the county treasury, upon verified itemized accounts being presented for the same, for service of all warrants, capias, mittimus, commitments, body attachments, court orders, requiring same, etc.; provided, however, that the actual expenses incurred for the service of executions, writs of attachment, replevins, restitutions, or other process not hereinbefore mentioned shall be paid by the parties receiving such services.

In counties of the second class the sheriff may appoint an undersheriff, and may, under the direction of the board of county commissioners, appoint deputy sheriffs, who shall be paid an annual salary from the General County Fund, the undersheriff the sum of \$1,800, and each deputy the sum of \$1,200; provided, however, that the number of deputies in any county of the second class shall not exceed six.

In counties of the third class the sheriff may, under the direction of the board of county commissioners, appoint deputy sheriffs, who shall each be paid an annual salary of \$1,200, in monthly installments, from the general county fund; provided, however, that the number of deputies in any third-class county shall not exceed four.

In counties of the fourth class the sheriff may, under the direction of the board of county commissioners, appoint deputy sheriffs, who shall each be

paid an annual salary of \$1,200, in monthly installments, from the general county fund; provided, however, that the number of deputies in any fourth-class county shall not exceed two.

In counties of the fifth class the sheriff may, under the direction of the board of county commissioners, appoint one deputy sheriff, who shall be paid an annual salary of \$1,200, in monthly installments, from the general county fund.

In counties of every class the undersheriff, and each and every deputy sheriff in counties of whatever class coming under the provisions of this act, shall make to the sheriff a monthly report in writing, under oath, of all fees collected of any description whatsoever, and all expenditures, necessary expenses pertaining to the discharge of the duties of his office. The sheriff, undersheriff, and deputy shall be allowed actual traveling expenses, payable out of the county treasury, upon verified itemized account being presented for the same.

Sec. 3. The county clerks of the several counties in this state shall receive, as their only compensation for their services, an annual salary, to be paid monthly out of the general county fund; in counties of the second class, the sum of \$2,750; in counties of the third class, the sum of \$2,400; in counties of the fourth class, the sum of \$2,100; in counties of the fifth class, the sum of \$1,750; in counties of the sixth class, the sum of \$1,500; in counties of the seventh class, the sum of \$1,500.

In counties of the second and third classes the county clerk shall appoint, with the approval of the board of county commissioners, a chief deputy, who shall be acting deputy clerk to the board of county commissioners; and the county clerk may, with the approval of the board of county commissioners, appoint office deputies, each to be paid an annual salary out of the general county fund; provided, the number of deputies so appointed shall not at any one time exceed five. The deputies so appointed shall receive the following salaries, to-wit: the chief deputy, the sum of \$1,800; the office deputies, the sum of \$1,200.

In counties of the fourth class the county clerk may, with the approval of the board of county commissioners, appoint a chief deputy, who shall be acting deputy clerk to the board of county commissioners; and the county clerk may, under the direction of the board of county commissioners, appoint office deputies, all of whom shall be paid out of the general county fund; provided, the number of office deputies so appointed shall not at any one time exceed two. The deputies so appointed shall receive the following annual salaries, to-wit: the chief deputy, the sum of \$1,800; each office deputy, the sum of \$1,200.

In counties of the fifth class the county clerk may, with the approval of the board of county commissioners, appoint deputies, who shall each be paid an annual salary of \$1,200 out of the general county fund; provided, the number of deputies so appointed shall not at any one time exceed three.

In counties of the sixth class the county clerk may, with the approval of the board of county commissioners, appoint one deputy, who shall be paid an annual salary of \$1,200 out of the general fund.

The deputy county clerks in the several counties of the second, third, fourth, fifth, and sixth classes shall receive, as their only compensation for their services, the salaries specified above.

The county treasurers of the several counties of the state, excepting the treasurers of the counties of the first class, shall receive, as their only compensation for their services, an annual salary, to be paid monthly out of the general county fund, to-wit: in counties of the second class, the sum of \$3,000; in counties of the third class, the sum of \$2,500; in counties of the fourth

class, the sum of \$2,400; in counties of the fifth class, the sum of \$1,700; in counties of the sixth class, the sum of \$1,500; in counties of the seventh class, the sum of \$1,500.

In counties of the second, third, fourth, and fifth classes, deputies may be employed by the county treasurers, under the direction of the board of county commissioners, for said counties respectively; the compensation and time of service to be fixed by the board; provided that, with the exception of county treasurers of counties of the second, third, and fourth classes, who may, in addition, each appoint one chief deputy, at an annual salary of \$1,800, the number of deputies so appointed shall not exceed, in counties of the second class, six; in counties of the third class, four; in counties of the fourth class, two; in counties of the fifth class, one; and further provided that the salaries of said deputies so appointed shall not exceed \$100 per month.

In counties of every class in this state, except counties of the first and second classes, the county commissioners shall be allowed five dollars (\$5) per day for each day necessarily spent in the performance of their duty as commissioners; and in counties of every class, except counties of the first class, the county commissioners shall be allowed ten (10) cents per mile for the distance actually traveled in going to and coming from the place of meeting, to be paid out of the county treasury; provided, that the salaries of the county commissioners in counties of the second class shall be the sum of eighteen hundred dollars (\$1,800) each; and in counties of the third class shall not exceed in any one year one thousand dollars (\$1,000) each; and in counties of the third, fourth, and fifth classes shall not exceed in any one year seven hundred dollars (\$700) each; and in counties of the sixth and seventh classes shall not exceed in any one year five hundred dollars (\$500) each. The chairman of the board of county commissioners of said counties shall be ex-officio superintendent of the poor, and shall receive as compensation for such services five dollars (\$5) per day for each day necessarily spent in the performance of such duty; provided, the sum received by said chairman for his services as superintendent of the poor shall not exceed in any one year, in counties of the second class, four hundred dollars (\$400); third class, three hundred dollars (\$300); fourth, fifth, sixth, and seventh classes, two hundred dollars (\$200); provided, further, that if the chairman of the board for the time be a non-resident of the county seat of said county, any member of such board, upon order of the board, may act as such superintendent, and shall for the time being receive compensation allowed therefor.

REPORT ON STATE AGRICULTURAL COLLEGE

Examinations from December 1, 1910, to November 30, 1912.

Denver, Colorado, January 9, 1913.

Hon. H. J. Leddy,
Public Examiner,
Denver, Colorado.

Dear Sir: We herewith hand you our report on the Agricultural College from December 1, 1910, to November 30, 1912, with comments on some of the transactions and funds, and desire to say that we would have investigated some of the bills allowed by the college more in detail, were it not

that our time was limited, as this report had to be in the hands of the printer before the change of the administrations.

We find a large amount of money spent for traveling expenses, and, from the wording of some of the requisitions, we are of the opinion that the privileges are abused by some of those to whom the requisitions are granted by the president.

For instance, requisitions for incidentals are used for traveling and hotel bills in Denver.

We find quite a number of trips out of the state, and give a partial list of same. We think such trips should be limited to absolute necessity, until the financial condition of the college would warrant a more liberal disbursement.

In 1911, A. A. Edwards, C. A. Lory, Mr. Headdon, and C. P. Gillette went to the meeting of the American Association of Agricultural Colleges at Columbus, Ohio. The expenses of Mr. Headdon and Mr. Gillette were paid from the Hatch Fund, and that of Mr. Edwards and Mr. Lory from the Tax Fund. Mr. Edwards' bill is included in the \$195.50 shown on page ... of this report, and Mr. Lory's in the item of \$261.50 on the same page.

Miss Corbett was allowed \$50 for expenses to Chicago.

Voucher No.

6105	Tax Fund, G. E. Morton, expense to Chicago.....	\$101.11
6197	Tax Fund, Y. M. C. A., entertaining delegates.....	15.00
6276	Tax Fund, Fort Collins Chamber of Commerce, one-half banquet.....	13.10
6372	Tax Fund, rent, Armory Cadet ball.....	15.00
6672	Tax Fund, Rev. G. B. Vosburgh, baccalaureate sermon.....	34.95
7186	Tax Fund, C. A. Lory, expense to Lithbridge, Canada.....	56.50
1158	Farmers' Institute Fund, C. H. Hinman, expense to Chicago.....	99.34
7186	Tax Fund, expense to Atlanta, Ga., C. A. Lory.....	153.30
1174	Irrigation Fund, W. M. Cone, expense to Salt Lake.....	69.67

Respectfully submitted,

C. E. LUNNEY,
JOHN F. BRADY.

STATE AGRICULTURAL COLLEGE

Examination from December 1, 1910, to November 30, 1912

ALL COLLEGE FUNDS—BALANCE SUMMARY, DECEMBER 1, 1910

RECAPITULATION OF ALL COLLEGE FUNDS BALANCES, NOVEMBER 30, 1912

Tax Fund	\$ 412.61
Land Income	1,974.55
Special Cash	17,353.99
U. S. (Morrill Mechanic Arts Fund).....	27,264.49
Cash in hands of Secretary (Revolving Fund).....	2,500.00
Overdrafts, College Funds—	
Farmers' Institutes	\$ 5,133.84
Fort Lewis School	5,288.61
Campus improvement	297.06
To cash in bank, November 30, and in secretary's hands, making net balance November 30, 1912.....	38,786.22

	\$ 49,505.67 \$ 49,505.67

NOTE—There is due from the College Special Cash Fund to Fort Lewis School \$8,199.29, and, after deducting the Fort Lewis School overdraft of \$5,288.61, there would be balance to the credit of Fort Lewis of \$2,910.68.

There is due from College Special Cash Fund to Grand Junction School account \$766.50. This would leave \$766.50 to the credit of Grand Junction School, and \$8,388.20 to the credit of the College Special Cash.

Commissary	3,842.76
Text-books	339.09
Lights	132.56
Deficit or overdraft, November 30, 1912.....	5,288.61

	\$ 35,288.61 \$ 35,288.61

NOTE—In addition to the above receipts of \$30,000, there was received, in cash, \$8,199.29. This money was put in the College Cash Fund. This money will be used to pay the overdraft of \$5,288.61, as shown above, and the balance, \$2,910.68, will be credited to the Fort Lewis School fund; or a Fort Lewis School cash fund will be opened, and the balance transferred to that account.

The appropriation of \$30,000 was to be used, one-half for maintenance and one-half for equipment. (See sec. 4, p. 40, S. L., 1911.)

Cash receipts of \$8,199.29. (See Schedule A, Fort Lewis School Fund.)

FORT LEWIS SCHOOL CASH RECEIPTS

SCHEDULE A

December 1, 1910, to November 30, 1912

Receipts—

Board of students and employees.....	\$ 3,293.37
Farm produce	839.54
Commissary supplies	661.99
Postage	56.27
Stationery	56.12
Pasture	446.35
Room rent	141.17
Text-books	117.90
Sale of live stock.....	47.00
Miscellaneous, which could not be segregated.....	988.91
Telephone	11.15
Tuition	190.00
Entrance fees	225.00
Mechanic arts fee.....	59.20
Laundry receipts	102.41
Sale of coal.....	8.82
Domestic science fees.....	28.34
Refund of salaries.....	175.75
Donation by the Durango Board of Trade.....	750.00

Disbursements—

Paid to College Cash Fund.....	\$ 8,199.29

	\$ 8,199.29 \$ 8,199.29

NOTE—The receipts for November, 1912, are not included in the above, as the books were closed before the receipts arrived; but the amount of same is \$869.87.

I find some discrepancy in the amount of money remitted by the principal of the Fort Lewis School, due to errors in his statements of receipts, and reference will have to be made to the books at the Fort Lewis School, as there is no way to check same from this end.

GRAND JUNCTION SCHOOL FUND

Examination from December 1, 1910, to November 30, 1912

Receipts—

By appropriation \$10,000, of which 50 per cent was received.....	\$ 5,000.00
---	-------------

Disbursements—

Freight and express.....	\$ 4.20
Furniture and fixtures.....	250.70
Labor	208.40
Laboratory supplies	52.76
Permanent improvements	477.33
Postage and stationery.....	18.60
Publications	1.00
Repairs	322.76
Salaries	2,633.29
Telephone and telegraph.....	138.61
Tools and implements.....	113.80
Traveling expense	409.05
Contingent expense	3.50
Fuel	93.50
Water rent	193.60
Lights	78.90

	\$ 5,000.00

Cash receipts, \$766.50. (See Schedule A, Grand Junction School Fund.)

NOTE—In addition to the above receipts of \$5,000, there was received, in cash, \$766.50. This money was put into the College Cash Fund, and will be transferred to this fund; or a Grand Junction School cash fund will be opened, and the balance transferred to that account.

The appropriation of \$5,000 was to be used, one-half for maintenance and one-half for equipment. (See sec. 4, p. 146, S. L. 1911.)

The following vouchers were drawn upon this fund that should not be charged to this fund; and this fund should be reimbursed to the extent of the said vouchers:

Voucher No. 1360, payable to Station Special Cash Fund, \$476.33, for surveys and maps for drainage work, done by Messrs. Cone and Jones.

Voucher No. 1361, to V. M. Cone, for \$221.60, expenses Cone and Jones on the above account.

Voucher No. 1360, as shown above, has a pencil notation on bill which reads: "Will approve this if needed to expend balance, C. P. Gillette."

The following amounts were paid from this fund for work done and money expended by the field horticulturist, and should have been charged to fruit investigation:

	Expense	Salary
Aug. 31, 1911 Geo. P. Weldon, for July and August.....		\$150.00
Sept. 30, 1911 R. S. Herrick.....		75.00

November, V. M. Cone, irrigation expert, \$145.75; salary, \$183.33; Paul S. Jones, assistant irrigation expert, salary, \$100.

GRAND JUNCTION SCHOOL CASH RECEIPTS

SCHEDULE A

Receipts— December 1, 1910, to November 30, 1912

Sale of hay	\$ 204.15
Pasture rent	210.35
Rent of buildings	284.00
Water rent	68.00

Disbursements—

Paid College Cash Fund.....	\$ 766.50
Total	\$ 766.50 \$ 766.50

NOTE—The receipts for November, 1912, are not included in the above, as the books were closed before the receipts arrived, but the amount approximates \$13.30 for refund on account of purchase of paint and \$125 pasture rent, which has not as yet been entered on cash-book.

FURNISHING AND EQUIPPING GUGGENHEIM HALL FUND

Examination from December 1, 1910, to November 30, 1912

Receipts— Appropriation, \$5,000, 50 per cent of which was received.....	\$ 2,500.00
<hr/>	
Furniture and fixtures	\$ 2,249.37
Screens for windows	187.00
Labor	53.48
Freight and express	6.00
Traveling expense	4.15
<hr/>	
	\$ 2,500.00 \$ 2,500.00

NOTE—The following vouchers were drawn and warrants issued on the funds named. The warrants are not paid, but are in the hands of the secretary until the work or material is furnished to the college, and all are contracted for:

Voucher No. 1365, Hallack & Howard Lumber Co., on Guggenheim Hall appropriation, for lumber, \$437.15, furnished.

Voucher No. 1368, E. Leitz, for \$74.30, on Guggenheim Hall, equipment (microscope). This is to be imported from Germany.

Voucher No. 1369, W. B. Guyer, \$39.52, contract to finish woodwork, walls, and floor in Guggenheim Hall. (This is really papering and painting.)

RURAL EDUCATION FUND

Examination from December 1, 1910, to November 30, 1912

Receipts—

Appropriation, \$5,000, of which 50 per cent was received.....	\$ 2,500.00
--	-------------

Disbursements—

Apparatus	\$ 25.16
Freight and express40
Labor70
Postage	8.90
Salaries	1,785.76
Telephone75
Travel	678.33
	\$ 2,500.00 \$ 2,500.00

NOTE—\$1,089.33 of the above salaries was a transfer of funds for work stated to have been done mostly during the months of June, July, and August of 1911 and 1912, and \$84.85 of the traveling expense was a transfer from this fund to other funds. (See list of vouchers below.)

How they can charge salaries and expenses to this fund, which had been paid from other funds for work and travel during rural school vacation time, I am at a loss to understand.

Of the \$1,785.76 paid for salaries, \$500 was paid on November 30, 1912, to a Mr. C. G. Sargent, for salary not yet earned, and of the \$678.33, traveling expense, \$323.65 was paid November 30, 1912, for expenses not yet incurred.

In my judgment, there is due the State General Fund, on November 30, from the above appropriation, \$1,998.43.

D. W. Frear.....June 10-14, 1912 (one-quarter)	\$ 29.17
D. W. Frear.....June 14-16, 19-23, 1911 (one-half).....	45.83

Fort Collins, Colorado, November 29, 1912.

State Board of Agriculture,
Fort Collins, Colorado.

Gentlemen: I hereby agree to act as school visitor for the Agricultural College, and to look after the work now started on the western slope, the work already begun in Douglas County, and the consolidation work in Larimer County, to prosecute all of said work as outlined in the plan of the colleges, and, in so far as possible, to complete same.

I will do this work for the next four months for the sum of \$823.65, said sum to include salary and expenses.

Respectfully,

[Signed] C. G. SARGENT.

CAMPUS IMPROVEMENT FUND

Examination from December 1, 1910, to November 30, 1912

Receipts—

Appropriation, \$2,000, 50 per cent of which was received.....	\$ 1,000.00
--	-------------

Disbursements—

Tools, implements, and machinery	\$ 297.00
Cement, sand, and material for curbing.....	176.95
Labor installing cement curbing.....	823.05
Overdraft, November 30, 1912.....	\$ 297.00
<hr/>	
	\$ 1,297.00
	\$ 1,297.00

POWER PLANT FUND

Examination from December 1, 1910, to November 30, 1912

Receipts—

Appropriation \$20,000, 50 per cent of which was received.....	\$ 10,000.00
--	--------------

Disbursements—

Freight and express	\$ 2.64
Labor	707.32

Permanent improvements	9,100.84
Tools, implements, and machinery	155.00
Traveling expense	34.20
	\$ 10,000.00 \$ 10,000.00

NOTE—The amount of \$707.32 was for labor of sinking test wells for foundation, and designing power plant.

Of the \$9,100.84, permanent improvements, \$9,030 is for two boilers contracted for with the Babcock & Wilcox Company, of Denver, the boilers to be delivered in accordance with contract dated November 22, 1912, which provides that the boilers are to be delivered and set up in power plant building when the same has been constructed. This building has not as yet been started.

STATE FORESTER FUND

Examination from December 1, 1910, to November 30, 1912

Receipts—

Appropriation \$10,000, 50 per cent of which was received.....	\$ 5,000.00
--	-------------

Disbursements—

Apparatus	\$ 245.63
Freight and express	164.44
Furniture and fixtures	123.20
Labor	911.02
Laboratory supplies	401.71
Permanent improvements	141.38
Postage and stationery	155.41
Publications	285.62
Repairs	31.50
Salaries	1,715.96
Seeds and plants	268.98
Telephone and telegraph	10.85
Tools, implements, and machinery	47.45
Traveling expenses	486.85
Contingent expense	10.00
	\$ 5,000.00 \$ 5,000.00

NOTE—The above appropriation will be found in Chapter 138, page 419, Session Laws of 1911.

The following bills were drawn and paid from this fund, which, in my opinion, should not have been. Some of these bills so issued were for salary and expense that have not as yet been earned, and some for supplies that have not been furnished, and will not be until next spring. (See list of vouchers below.)

The interpretation of this law, as construed by the State Forester, gives him a wide latitude for the disbursing of moneys from this fund, with which I cannot agree. The State Forester claims that in the last two lines of section 3, page 420, Session Laws of 1911, he finds authority for spending the money for almost anything he should desire.

Voucher No. 1391, State Forester appropriation, dated November 30, 1912, payable to L. W. Bennett, for \$900. This voucher reads: "To services organizing counties, as per contract and letter."

Mr. Bennett is Deputy State Forester, and was prior to November 30, 1912, receiving his salary and expenses up to that date; so this \$600 is for salary and expenses not yet earned or expense incurred. (See sec. 14, p. 21, S. L. 1911.)

Voucher No. 140, D. M. Andrews, Forester appropriation, for \$57. This is for nursery stock to be delivered to the State Forester, but not delivered as yet (January 3, 1913).

Voucher No. 102, Northeastern Forestry Company, New Haven, Conn., \$6.50, for tree seed, on State Forester appropriation.

The above bill is O.K.'d by B. O. Longyear, and the seeds are not delivered on this date (January 3, 1913).

Voucher No. 1394, to Courier Printing & Publishing Company, of Fort Collins, Colo., for \$155, drawn on State Forester appropriation for printing biennial report. The reports are not printed as yet (January 3, 1913), and the bill for same is O.K.'d by the State Forester, B. O. Longyear.

The following bills were paid from this fund, which I think should not have been done:

Voucher No. 1072, J. F. Farrar, to services in compiling, indexing, etc., Code of Forestry Laws of State of Colorado, \$150. This bill should have been paid by the Attorney General of the State of Colorado, out of a fund which he has for the purpose.

Voucher No. 1393, to State Forester, dated November 25, 1912, for Union Pacific railroad mileage books Nos. 43813, 43814, 43815, 43816, at \$40 each, \$160. These books were made out to W. W. Robbins and B. O. Longyear. Mr. Longyear is State Forester; Mr. Robbins is assistant professor of botany, and was such during November, 1912. He also was paid \$100 salary for November and \$100 salary for October out of this fund, during which time he was not employed in this work. Mr. Longyear informed me he intended to use these mileage books next summer.

Voucher No. 1392, Denver Novelty & Electric Works Company, for \$200, for 600 forest service badges.

Fort Collins, Colorado, November 22, 1912.

To the State Board of Agriculture and Forester of Colorado.

Gentlemen: In answer to your request for a brief report of my work of organization of the different counties containing forest lands in our state, for the prevention and control of forest fires; also an estimate of the expense necessary to carry on the work in the counties not already visited, I wish to make the following statement:

Of the forty-two counties listed to me as containing forest lands, I have visited twenty-three counties and county seats, and have obtained lists of deputies to be appointed as special fire wardens from all the sheriffs visited, except the sheriff of Eagle County, and have been promised a list from that county. (The list from El Paso County has been lost, and I shall doubtless get a new one from the sheriff of that county.)

The total number of deputies and sheriffs contained in the twenty-one lists in my possession is 344. This number should be at least doubled when the work is completed.

I have copies of a resolution adopted by the boards of commissioners of Larimer, Garfield, Douglas, Jefferson, Pueblo, Pitkin, Huerfano, and Boulder Counties, stating their interest and agreeing to co-operate in the work. So far I have succeeded in securing such resolution by the boards of county commissioners whenever I have been able to meet the full board in session, with the exception of El Paso County. Lake County was divided —one member of the board for, one against, and one absent.

I found the people interested in every section visited, and I am convinced that your plans can be successfully carried out and will result in the saving of a very great amount of timber from destruction by fire. Now

that we have our agreement with the National Forest Reserve signed, we expect to have 600 or more deputy sheriffs scattered through the timber, armed with a copy of the same and with instructions from the State Forester in regard to prevention and control of forest fires. The work of securing resolutions from the boards of county commissioners will require much time, as many of the boards meet only four times a year in regular session. It may be possible that your board will consider this part of the work unnecessary in some cases, on account of the time required to visit the different boards of commissioners at the times they are in session, and that seems to be the only way to secure the resolutions asked for.

The nineteen counties that have not been visited by me on this work are situated in the southwestern part of the state. They are the most thinly settled counties of the state, without convenient transportation facilities.

The commissioners usually live long distances apart, and, if possible, each one should be informed in regard to the work by personal interview. The sheriffs of these counties are much of the time away from the county seat. From my experience, I think it will require ninety days to visit all the county seats, to obtain a list of deputies from the different sheriffs, to secure interviews with county commissioners, and, whenever possible, to obtain resolutions of support and co-operation.

I think this work can be completed, so far as completion is possible, at a cost of six hundred dollars (\$600.00), and I hereby offer to continue my work, as you have outlined it, to full completion for the sum of six hundred dollars (\$600.00), and transportation in addition.

Respectfully submitted,

[Signed] I. W. BENNETT.

Total			\$167,433.45
			\$167,433.45

NOTE—The amounts shown in the receipts to maintenance fund from board and tuition, and miscellaneous collections, as shown above, are the same in total as shown on the large sheets, but not the same amounts in the year, if taken separately. The reason for this is that Mr. Argo does not always turn over the receipts in the same year that he collected same.

SUPERINTENDENT'S MISCELLANEOUS CASH FUND.

In hands of warden.....

In hands of State Treasurer.....

Amount of biennial maintenance appropriation unused.....

STATE REFORMATORY—Concluded

161.49

\$38,086.41 \$38,086.41

REPORT ON SOLDIERS' AND SAILORS' HOME

Examination from December 1, 1910, to November 30, 1912.

REMARKS

In checking the accounts of the members' deposits, I could not find Book No. 2, but this book was in the vault when I was at the Home last April. I am informed by Adjutant Seckner that he did not see this book, and that it was not turned over to him by former Adjutant Hunt. This book should be at the Home, and the board should take steps to recover same, wherever it may be.

I find the members of the board continue to charge and allow bills to themselves for services as members. This is in direct conflict with section 6035 of the Revised Statutes, page 1419, which reads: "No commissioner shall receive compensation * * *." In the years 1911 and 1912 they paid to themselves as compensation \$1,053.85. This should be recovered to the state. (See detailed statement of items allowed each member.)

In my last examination I found there was \$394.15 in the hands of Mr. Storrs. This money was in the account of Mr. Edward Todtenhoefer, who died at the Home June 25, 1911. In his application, No. 342, dated March 18, 1896, he requested that in case of his death he be buried in the Home cemetery and that his effects be disposed of at the Home.

I am informed by Commander Foot that Mr. Storrs turned this money over to the German consnl in Denver, but there is no account of this in the books at the Home. I think this money should be turned over to the Home, as designated by Mr. Todtenhoefer.

Many vouchers are issued and not entered in any book, not even the voucher record; so it is very hard to make an accurate check of the books, unless a great deal of time is taken, and then only by referring to the State Auditor's and State Treasurer's books. This should not be, and something should be done at once to remedy the system at the Home.

The Contingent Cash Fund has over \$3,000 cash on hand, while the Home is in debt, and this money should be used to pay some of the bills. Also, the contingent receipts should be turned into the state treasury, as collected, and a revolving fund should be given the commander to pay petty cash bills, and such bills should be vouchered through the State Auditor each month.

The Monument Cash Fnnd has a balance of \$89.33, and this should be closed by transferring this amount to the Contingent Cash Fnnd.

I am strongly of the opinion that all money paid to members should be paid by check and not by cash, as is now the custom.

The Dyke Fund has a balance of \$621.72. This should be returned to the State General Fund.

The Monument Fund has Certificate No. 5601, for \$89.33, in the Bank of Monte Vista. The interest on this, at 4 per cent, was due September 9, 1912, and has not been collected as yet. As this is a twelve-month certificate, it has not drawn interest since September 9, 1912.

C. E. LUNNEY,
State Examiner.

REPORT ON SOLDIERS' AND SAILORS' HOME

Examination from December 1, 1910, to November 30, 1912.

CONTINGENT CASH FUND

Balance on hand November 30, 1910.....	\$ 2,151.48

WOMEN'S COTTAGE FUND

By appropriation, H. B. 291, 1911.....	\$ 15,000.00
By vouchers drawn	\$ 1,775.67
By balance November 30, 1912.....	13,224.33
	\$ 15,000.00 \$ 15,000.00

NOTE—Of the above vouchers drawn, there was one, No. 790, to Tom Quinn, for \$17.00, outstanding November 30, 1912.

Of the vouchers drawn and paid, the following included amounts for services, which are illegal, and should be recovered to this fund:

Voucher No. 523, O. S. Storrs.....	\$10.00
Voucher No. 621, O. S. Storrs.....	15.00
Voucher No. 625, O. S. Storrs.....	5.00
Voucher No. 620, John R. Hurd.....	5.00
Voucher No. 623, John Ewing, Jr.....	20.00
Voucher No. 782, John Ewing, Jr.....	20.00

	\$75.00

MONUMENT FUND

By appropriation, S. B. No. 115, 1909.....	\$ 3,000.00
By vouchers paid	\$ 3,000.00

	\$ 3,000.00 \$ 3,000.00

NOTE—From the above there was paid to O. S. Storrs:

Voucher No. 431, for.....	\$ 7.00
John R. Hurd, Voucher No. 452, for.....	25.00
Rev. O. S. Reed, Voucher No. 430, for.....	25.00
T. J. Foote, Voucher No. 428, for.....	22.40

	\$79.40

The above are expenses incurred in the unveiling of this monument.

NOTE—There was also a voucher, No. 435, to Monte Vista Lumber Co. for lumber, for \$68.80, drawn on this fund. What the lumber was used for we are unable to determine, as this is a granite monument.

CEMENT ROOT-CELLAR FUND

By appropriation, H. B. No. 92, 1911, \$2,500.00; of this only \$1,390.20 was available	\$ 1,390.20
By vouchers paid	\$ 1,390.20

The vouchers paid were as follows:

No. 522, H. V. Johnson.....	\$1,000.00
No. 183, J. F. Thrasher.....	146.20
No. 914, Stroup and Oellin.....	244.00

	\$1,390.20

	\$ 1,390.20 \$ 1,390.20

NOTE—Many vouchers were drawn against this fund, and some of them paid from the cash, others from maintenance funds; but no record was kept of the vouchers drawn on this fund or on the other special appropriation funds.

SOLDIERS' AND SAILORS' HOME

Examination from December 1, 1910, to November 30, 1912.

The following amounts were paid to members of the board for salary and expense. Section 6035, Revised Statutes, page 1419, reads: "The members of said commission shall hold their office for the term of four years and shall serve without compensation except they shall be entitled to their actual expense incurred in the transaction of any business by and under the direction of the board of commissioners, to be paid upon the sworn statement, as other expenses of the Home are paid. They shall hold their meetings quarterly at the home and may hold such other meetings as may be deemed necessary by the President." (Laws of 1895, p. 104, sec. 2.)

Name	Year	Salary	Expense	Total
A. W. Jones.....	1911	\$ 51.45	\$ 15.60	\$ 67.05
L. H. Cheney	1911	19.50	19.50
W. W. Ferguson.....	1911	6.40	6.40
W. H. MacDonald	1911	35.00	5.50	40.50
Dexter T. Sapp	1911	50.00	33.00	83.00
John Ewing, Jr.....	1911	95.00	26.35	121.35
John R. Hurd.....	1911	10.00	10.00
O. S. Storrs.....	1911	181.50	109.20	290.70
O. S. Storrs.....	1912	240.00	135.26	375.26
John R. Hurd	1912	205.00	34.50	239.50

HIGHWAY COMMISSION

With respect to this board, I will state that a more stringent supervision should be held with regard to expense accounts. The auditing board passed vouchers from this board at various times within the last two years, on which certain items appeared which were not evidenced by receipts.

In the preceding administration one warrant, No. 6961, issued August 17, 1910, to Mr. C. P. Allen, chairman of the commission, amounted to \$874.32, covering expenses of a twenty-four-day automobile trip for the board on the Western Slope, as follows:

June 23-28 Fry & McGill Motor Supply Co., automobile sundries.....	\$ 5.70
June 22-25 Fry & McGill Motor Supply Co., lamp repairs.....	5.50
August 15 G. and J. Tire Agency, tires.....	199.00
July 27 E. R. Cumbe, auto repairs.....	179.02
June 25-29 C. P. Allen, gasoline, telephone calls, etc.....	12.70
June 25-July 1 C. P. Allen, sleeper, meals, etc.....	52.60
June 24-July 17 C. P. Allen, auto expense, 24 days at \$17.50.....	420.00
<hr/>	
Total	\$874.32

Mr. Allen used his own machine, charging \$17.50 a day on this trip, and for the twenty-four days the expense to the state ran up to this excessive amount.

On warrant No. 6905, issued August 16, 1910, to Thomas Tully for \$412.09 for expense, there was included a bill from Tortoni's Restaurant for \$61.15, dated July 20, for meals. The number of meals is not indicated on this bill, nor does it show the period covered.

Passage of such bills is, to say the least, unbusinesslike.

THIRD ANNUAL REPORT

REPORT ON STATE BOARD OF HORTICULTURE

E. McPHEE, Deputy Examiner.

NOTE—The above table shows the amount of oil and gasoline inspected during the fiscal year of 1911, and the amounts set opposite are the fees that should have been collected at the statutory rate of one-tenth of one cent per gallon.

No cash-book is kept by the inspector showing receipts and disbursements of the office.

There was appropriated by the Eighteenth General Assembly (H. B. No. 351), for salary and traveling expenses of the inspector and deputies, to be paid out of the fees of the office, \$6,400; amount expended, none.

Appropriation—

State Inspector, salary.....	\$ 1,600.00
State Inspector, traveling expense.....	800.00
Unused balance	\$ 2,400.00
	\$ 2,400.00 \$ 2,400.00

Denver, Colorado, December 15, 1911.

Hon. Benjamin Griffith, Attorney General, Denver, Colorado.

Dear Sir: We have just completed an investigation of the Oil Inspector's office, and have found that, on the amount of oils inspected at the statutory rate of one-tenth of one cent per gallon, the receipts of the office should aggregate, for the period from December 1, 1910, to November 30, 1911, \$11,243.39. No cash-book is kept, however, showing the actual receipts.

House Bill No. 351, on page 533 of the Session Laws of 1911, appropriates not to exceed \$6,400 for salaries, to be paid out of the fees, and also provides that a full and complete statement, under oath, of all transactions of his office shall monthly be made to the State Treasurer, and further that he shall pay into the state treasury all sums of money which he has received, as fees in excess of salary and expense there due him, etc.

No reports or turn-over of fees to the State Treasurer have been made by the Oil Inspector. From the above it would appear that the state is losing in the neighborhood of \$5,000 a year, and I wish advice as to the legal phase of this question.

Is the Oil Inspector within the law in retaining all fees as the personal and private compensation of himself and deputies?

Very truly yours,

H. J. LEDDY,
Public Examiner.

Denver, Colorado, January 27, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: I beg to acknowledge receipt of yours of December 15, in which you state that you have completed an investigation of the Oil Inspector's office, and call my attention to House Bill No. 351, on page 533 of the Session Laws of 1911, creating a salary for the Oil Inspector, and inquire whether the Oil Inspector is within the law in retaining all fees under the old law of 1899, which created his office, or whether he is subject to the new laws of 1911, so as to require him to turn over all of his fees to the State Treasurer and receive out of the same his salary of \$1,600 per annum, as established by the new law.

I note that, while your letter sets out in detail the status of the office at the present time, your inquiry is directed solely to the proposition of whether the Oil Inspector is confined to the salary established by the new law, or whether he is entitled to receive fees collected, as provided by the old law. This letter is directed, therefore, only to the inquiry advanced by you.

By Chapter 121 of the Session Laws of 1899, the office of State Inspector of Oils was created, and that act also provided for the inspection of petroleum oil, etc. By the first paragraph of section 2 of the act it is provided, as follows:

"The governor, by and with the advice and consent of the Senate, shall appoint a skilled and suitable person, who is not interested in manufacturing, dealing or vending in any illuminating oil manufactured from

petroleum, as state inspector of oils, whose term of office shall be two years from the date of his appointment, and until his successor is appointed and qualified. Such inspector, when so appointed and qualified, is hereby empowered to employ a suitable number of deputies, which deputies are hereby empowered to perform the duties of inspector, and shall be liable to the same penalties as the state inspector, provided that the state inspector will not charge or receive any fee, compensation or award for the appointment of any deputy inspector from said deputy or any person, and each deputy shall have such portion of the fees for inspection made by him as may be agreed upon by the inspector and such deputy, and such state inspector may remove any deputy inspectors for any reasonable cause and appoint others in their place."

The second paragraph of said section provides, among other things, that the said inspector and his deputies shall furnish at their own expense necessary instruments, apparatus, stencils, brands and stamps for testing and marking oils. Section 3 provides that the said inspector and his deputies shall execute bonds, as provided therein; and the first paragraph of section 4 provides as follows:

"Said inspector or deputy inspector shall be entitled to demand and receive from the owner, or party calling on him, or for whom he shall perform the inspection, the sum of one-tenth of one cent per gallon for each gallon inspected, whether in storage tanks, tank cars, barrels or other packages."

It seems quite clear from the foregoing that under the law of 1899 the State Inspector of Oils was entitled to receive as a fee for inspecting oils the sum of one-tenth of one cent per gallon for each gallon inspected, and that his deputy should receive such portion of the fees for inspection as should be agreed upon between the inspector and the deputy; and that all the expenses of carrying on the department of oil inspection, including the furnishing of materials, should be borne by the inspector and his deputies.

No provision is made by this law for turning over any fees to the State Treasurer, and I conclude that it was the intent of the law that the inspector should retain any fees received, and out of the same pay the expenses of himself and his deputies, the cost of materials, and any and all expenses connected with maintaining his department. This, I understand, has always been the construction placed upon this law since its adoption, some twelve years ago. This law was approved April 14, 1899, without an emergency clause, and, therefore, became effective July 13, 1899.

By Chapter 180 of the Session Laws of 1911 it was provided as follows:

"Section 1. Out of the fees and emoluments of his office the state inspector of oils shall receive a salary of sixteen hundred dollars (\$1,600.00) a year, and his traveling expenses, not exceeding six hundred dollars (\$600.00) per annum, and his deputies shall each receive a salary of fifteen hundred dollars (\$1,500.00) a year, and his traveling expenses, not exceeding six hundred dollars (\$600.00) per annum. They shall devote all of their time to the performance of their duties.

The state inspector of oils shall appoint not to exceed two deputies, who shall be determined by him and the governor of the state.

The state inspector of oils shall monthly make and file with the state treasurer a full and complete statement, under oath, of all transactions of his office, and shall pay into the state treasury all sums of money which he has received as fees in excess of the amount of salary and traveling expenses then due to him and his deputies, which money shall by the

state treasurer be placed to the credit of a fund to be known as the state oil inspector's fund, and at the expiration of each year the state treasurer shall out of any moneys in said fund, and not otherwise, pay to said state oil inspector such an amount, if any, as may still be due to said state oil inspector, and his deputies, on account of their salaries and traveling expenses for that year; and the balance of said fund shall thereupon be transferred to the general fund of the state.

Section 2. In the opinion of the General Assembly an emergency exists; therefore, this act shall take effect and be in force from and after its passage.

Filed in the office of the secretary of state, June 5th, A. D. 1911, at 11:57 p. m. Not signed nor disapproved by the governor."

While this act was neither signed nor approved by the Governor, yet it contained an emergency clause and, prior to the adoption of the constitutional amendment relating to the initiative and referendum, would have become effective thirty days subsequent to June 5, 1911, the date of its filing with the Secretary of State; but, owing to the adoption of the constitutional amendment relating to the initiative and referendum, in 1910, the law became effective ninety days after the adjournment of the legislature—that is to say, ninety days after May 6, 1911, or on August 4, 1911.

I am informed that the present Oil Inspector took office first; that is to say, his first term began on July 13, 1909. By the terms of the laws of 1899, which have not been repealed by the laws of 1911, his term of office is two years, and, therefore, assuming that his term began on July 13, 1909, it would expire, under ordinary circumstances, on July 13, 1911.

During the session of the Eighteenth General Assembly the Governor sent in the name of the present Oil Inspector as his appointee for the new term, to be confirmed by the Senate, as provided by section 2 of the act of 1899. On May 6, 1911, the Senate refused to consent to or confirm the appointment of the governor. Therefore, under the terms of section 2, which states that "the governor, by and with the advice and consent of the Senate," shall appoint a skilled and suitable person as State Inspector of Oils, whose term of office shall be two years from the date of his appointment, and until his successor is appointed and qualified, it appears that the appointment could not become effective without the advice and consent of the Senate.

In that event—the Senate not having consented—it also appears, by the very terms of this statute, as well as by section 1 of Article XII of the Constitution, that the present Oil Inspector, appointed on July 13, 1909, holds his office under that term until his successor is appointed and qualified. In other words, it would appear that he is now holding over under his original term, and will so continue to hold until his successor is appointed and qualified.

The Governor has not seen fit, as I understand it, to make any *ad interim* appointment, notwithstanding the fact that the term of the present Oil Inspector expired last July, and he is merely holding over, and there being no *ad interim* appointment made, we are confronted with section 30 of Article V of the Constitution, which provides, in part, as follows:

"Except as otherwise provided in this Constitution, no law shall extend the term of any public officer, or increase or diminish his salary or emoluments after his election or appointment: * * *"

There does not seem to be any question that the State Oil Inspector is a public officer within the terms of this constitutional provision, and within the holding of the Supreme Court of this state in *Parks vs. Soldiers' and Sailors' Home*, 22 Colo., 86, 96. This section provides that no law shall in-

crease or diminish the salary or emoluments of a public officer after his election or appointment. While the word "salary" is usually limited to fixed compensation for a certain period, the word "emoluments" seems to be a much broader term and would include fees received by a public officer, in the absence of any restriction in the statute as to its meaning.

Thus, in Arapahoe County vs. Hall, 9 Colo. App., 538, in construing a statute which prescribed that salaries of certain officers should be paid out of the fees, commissions, and emoluments of the office, the court discusses the meaning of the word "emoluments," as follows:

"The word 'emoluments,' as it appears in the state in question, was clearly intended, in our opinion, to be taken in the general and comprehensive sense, so as to embrace all other proper receipts of the office, not included within the term 'fees' or 'commissions,' as generally defined and understood."

And, again, the court said:

"To hold that 'emoluments,' as used and in the connection in which it appears in this statute, means any accretion, increment, gain or profit to the office, is, we think, manifestly in accord with common usage, as well as with the established rules for the interpretation of the English language and for the construction of statutes."

In Hoyt vs. United States, 10 How., 109, 136, the court says:

"These terms [referring to 'fees' and 'commissions'] denote a compensation for a particular kind of service to be performed by the officer, and are distinguishable from each other, and are so used and understood by Congress in the several compensation acts; they are also distinguishable from the term 'emoluments,' that being more comprehensive and embracing every species of comprehension or pecuniary profit derived from a discharge of the duties of the office; and such is the obvious import of it in these acts."

In Reals vs. Smith, 56 Pac., 690, 692 (Wyo.), it was said:

"'Emoluments' is generally defined as the profit arising from office or employment; that which is received as compensation for services or which is annexed to the possession of office as salaries, fees and perquisites; advantage, gain, public or private."

In Town of Bruce vs. Dickey, 6 N. E. (Ill.), 435, 439, it was said:

"The word 'emoluments' is peculiarly appropriate to office; denoting in its most ordinary signification the profit 'which is annexed to the possession of office, as salary, fees and perquisites.'"

In Appel vs. County of Crawford, 51 Am. Rep. (Pa.), 205, 206, it was held that a sheriff who received a certain sum per week for boarding prisoners was thereby entitled to an emolument which could neither be increased nor diminished after his election, and the court said:

"Section 13 of Article III of the Constitution provides that 'no law shall extend the term of any public officer, or increase or diminish his salary or emolument, after his election or appointment.' That the sheriff is a public officer, coming within the operation of this constitutional provision cannot be doubted. The boarding of the prisoners was certainly one of his official duties imposed upon him by law. For the performance of this duty he was entitled to receive a compensation which was definitely fixed by law at the time of his election. While this compensation could hardly be called a salary, it seems to us that it included within the larger and broader term 'emolument.' In Webster's

Unabridged Dictionary the word 'emolument' is thus defined: 'The profit arising from office or employment; that which is received as compensation for services, or which is annexed to the possession of office, as salary, fees and perquisites; advantage, gain, public or private.' We think the word imports more than the word 'salary' or 'fees,' and because it is contained in the Constitution in addition to the word 'salary' we ought to give it the meaning which it bears in ordinary acceptation. By the definition above given it imports any perquisites, advantages, profit or gain arising from the possession of an office."

It therefore follows that in order for Chapter 180 of the Session Laws of 1911, restricting the emoluments of the State Inspector of Oils to \$1,600 a year, to become effective for that purpose, it must operate upon one whose term of office begins after this law goes into effect, to-wit, August 4, 1911. In the present case, if the Senate had confirmed the appointment of the present Oil Inspector, his term would have begun on July 13, 1911, or before Chapter 180 would become operative. On the other hand, the Senate not having confirmed the appointment of the present Oil Inspector, it would seem that he is still holding over under his original appointment of July, 1909; and Chapter 180 not being in operation until August, 1911, it would follow that it could not affect his emoluments during his present term; to-wit, the term beginning in 1909, and which has as yet not come to a conclusion.

That a hold-over acts as such by virtue of his original appointment or election, and not by virtue of any new or double term, appears clear from the case of State vs. Moores, 84 N. W. (Neb.), 389, and the cases cited therein, in which it was held that where a person lawfully continues in an office created by the Constitution of that state, by virtue of his original election and qualification, after the expiration of the fixed term, but before his successor is elected and qualified, the salary of such hold-over officer cannot be increased or diminished. On page 400 the court, quoting from an Oregon case, says:

"One thing, however, is palpably manifest: That the right to hold over is by virtue of the previous appointment or election and qualification. It is a right accorded by statutes regulating the tenure of office. The holding does not come to an end on the day of the expiration of the statutory period, unless there comes a duly elected and qualified officer to cut it off, or unless his recognized successor is inducted into the office. In one sense the holding over is *pro tempore*, because the time of the holding is dependent upon the election or appointment of a successor; and in another it may be considered as the occupancy of a successor's term which is shortened by that length of time. But the holding for the technical term and the holding over is a recognized right arising from one appointment or one election. The tenure of office is indivisible. It cannot be considered as a broken term or as a double term. It is one continuous holding."

I am of the opinion, therefore, that, under the present circumstances, Chapter 180 of the Session Laws of 1911 does not—owing to the constitutional provision above cited—restrict the State Oil Inspector to a salary of \$1,600 a year, but by virtue of such constitutional provision he is entitled to the fees of that office, as provided by the law of 1899.

Very sincerely yours,

BENJAMIN GRIFFITH,
Attorney General.

NOTE—In explaining the differences shown for the various years in the invoice for 1910, will state that it was almost impossible to determine the number of Session Laws for each year

when the inventory for 1910 was taken, owing to the crowded condition of the storage room at that time, as the books were in many cases thrown or piled together. The report will show almost an exact number of books accounted for, but the mistake was made in the distribution in years. Under the present condition and arrangements, an inventory can easily be made.

REPORT ON THE SUPREME COURT

Examination from December 1, 1910, to November 30, 1912.

COUNTY CLERKS

IRREGULARITIES, UNAUTHORIZED PAYMENTS AND EXCESS FEES DUE, ETC.

BACA COUNTY

1906—Excess fees due county.....	\$ 1.70
1909—Excess fees due county.....	95.00
1910—Overpaid county treasurer.....	\$ 18.65
1911—Excess fees due county.....	8.30
Net balance due county, December 31, 1911.....	86.35

	\$ 105.00 \$ 105.00

CROWLEY COUNTY

1911—Excess fees due county, December 31, 1911.....	\$ 72.33
---	----------

NOTE—The county commissioners of Crowley County in 1911 passed a resolution authorizing the county clerk to employ a deputy, but failed to include in said resolution any stated salary to be paid. Later on, in the year 1912, they qualified by passing a resolution allowing the clerk a deputy at a salary of \$25 per month, and the county clerk states that he has paid a deputy \$60 per month, \$35 of this amount being paid by himself personally and only \$25 being paid by the county.

DELTA COUNTY

1909—Overpayment to county treasurer.....	\$ 10.20
1910—Overpayment to county treasurer.....	89.15
Net total overpayment due county clerk, December 31, 1910.....	\$ 99.35

	\$ 99.35 \$ 99.35

GARFIELD COUNTY

1909—Excess fees due county.....	\$ 249.80
1909—Liquor licenses retained by county clerk.....	140.00
1910—Excess fees due county.....	299.95
Liquor licenses retained by county clerk.....	169.00

Balance due county, August 1, 1912.....	\$ 858.75

GUNNISON COUNTY

1909 and 1910—Excess fees due county.....	\$ 36.65
Retained by county clerk for abstracting and adjusting county business	1,240.00

Net balance due county, December 31, 1910.....	\$ 1,276.65

NOTE—Section 2573, page 731, Revised Statutes 1908, provides that county clerks in the several counties in this state shall receive, as their only compensation for their services, out of the fees and

emoluments of their respective offices actually collected and not otherwise, \$2,100 per annum in counties of this class. The county clerk was paid, in addition to his regular salary for the year 1909, as purchasing agent and for adjusting county business, \$640, and in 1910 the sum of \$600. This is an illegal payment, according to the above section.

HUERFANO COUNTY

1909—Hunting licenses not reported to July 28, 1909.....	\$ 112.00
Approving liquor license bond.....	40.00
Preparing official bonds.....	2.00
1910—Approving liquor license bonds.....	37.00
Preparing official bonds.....	3.50
 Total amount due county.....	 \$ 194.50

NOTE—Except hunting licenses, fees unauthorized should not have been paid by the county. The same were applied in paying extra clerk hire.

KIOWA COUNTY

1909—Excess fees due county, May 29, 1912.....	\$ 30.35
--	----------

NOTE—In the statement following you will observe \$892.75 as fees due the clerk from the county. As a matter of fact, had the county paid this amount for services rendered, the clerk would have had to return excess earnings of his office of the same amount to the county. In other words, one offsets the other.

LARIMER COUNTY

1909—Received in addition to salary for working in vault.....	\$ 355.50
Recording fees not reported	4.75
1910—Paid for clerical work in vault, in addition to salary.....	141.00
 Due county	 \$ 504.25

NOTE—Section 2573, page 731, Revised Statutes, 1908.

MESA COUNTY

1909—Paid clerk as purchasing agent, extra salary.....	\$ 100.00
1910—Paid clerk as purchasing agent, extra salary.....	100.00
Surplus fees due county.....	1.30
Overpaid county treasurer for 1909, surplus fees.....	\$ 36.55
Balance due county	164.75
 \$ 201.30	 \$ 201.30

NOTE—Payment as purchasing agent, in addition to regular salary, is contrary to section 2573, page 731, Revised Statutes, 1908.

MORGAN COUNTY

1911—Overdrew salary and due county.....	\$ 11.83
--	----------

PROWERS COUNTY

1909—Overpaid on salary and due county.....	\$ 15.25
---	----------

YUMA COUNTY

1909—Excess fees due county.....	\$ 70.68
----------------------------------	----------

1910—Overpaid county treasurer.....	\$ 25.60
-------------------------------------	----------

Balance due county	45.08
--------------------------	-------

\$ 70.68	\$ 70.68
----------	----------

COUNTY TREASURERS' IRREGULARITIES, UNAUTHORIZED PAYMENTS, EXCESS FEES, ETC.

BACA COUNTY

Treasurer charged 5 per cent commission on school funds; should have been 1 per cent, as shown by statutes. Due county for 1906 overcharge on commissions.....	\$ 60.65
1907 County treasurer was overpaid on commissions by county commissioners	20.27
1908 County treasurer was overpaid on commissions by county commissioners	36.31
1909 County treasurer was overpaid on commissions by county commissioners	4.08
1910 County treasurer was overpaid on commissions by county commissioners	3.34
1911 County treasurer was overpaid on commissions by county commissioners97
 Total amount due county August 2, 1912.....	\$ 125.62

DELTA COUNTY

1909 Delinquent interest on state taxes due state.....	\$ 148.02
1910 Delinquent interest on state taxes due state.....	200.69
 Total amount due state.....	\$ 348.71

ELBERT COUNTY

1911 Excess fees due county October 9, 1912.....	\$ 19.70
1910 County treasurer charged commission for state tax collections and taken from state funds.....	550.37
1911 County treasurer charged commission for state tax collections and taken from state funds	553.71
 Total amount due state.....	\$ 1,123.78

NOTE—This is contrary to law, as shown by section 5331, page 1301, R. S. 1908, showing a total of \$1,104.08 due state from the county.

GUNNISON COUNTY

1909 County treasurer was paid, in addition to regular salary for making records for 1909	\$ 150.00
1910 County treasurer was paid, in addition to regular salary for making records for 1909	100.00
 Overpaid county treasurer for 1909 and 1910.....	\$ 250.00

NOTE—In explanation, the treasurer claims to have turned this money over to the deputy for this work, in which case the disbursement would be legal.

KIOWA COUNTY

1909 Overpaid county treasurer.....	\$ 640.26
1910 Overpaid county treasurer	481.03
Total amount overpaid and due county.....	\$ 1,124.29

NOTE—The county treasurer was paid \$1,500 per annum by county warrants for 1909 and 1910. This was \$1,124.29 in excess of earnings for above years, and contrary to section 2570, page 730, R. S. 1908, which provides: "The County treasurers of the several counties of this State shall receive as their only compensation for their services an annual salary to be paid quarterly out of the fees and emoluments of their respective offices and not otherwise."

MORGAN COUNTY

1910 Overpaid county treasurer and due county.....	\$ 73.79
--	----------

PROWERS COUNTY

The county treasurer was allowed \$1,200 for clerk hire by the board of county commissioners. In addition to this, he paid out for extra clerk hire, unauthorized by the board of commissioners, \$322.06 for 1909, and \$71.78 for 1911. Total amount.. \$ 393.78

Total.....	\$174,547.76	Total		\$ 14,660.64

FIGURES IN BOLD FACE INDICATE OVERDRAFT.

OFFICE OF COUNTY SHERIFF

Irregularities, Unauthorized Payments, Excess Fees, Etc.

BACA COUNTY

Trip to Golden with prisoner; charged 300 miles, at 50 cents.....	\$ 150.00
Should be, according to statute, 40 cents per mile.....	\$ 120.00
Overcharge and due county.....	30.00
	—————
	\$ 150.00 \$ 150.00

DELTA COUNTY

1909—Commission for collections of personal taxes, not reported by sheriff and due county	80.20
Surplus fees, December 31, 1909 (see note).....	442.20
1910—Surplus fees, December 31, 1910.....	787.70
	—————
Amount due county	\$ 1,310.10

NOTE—Sheriff and commissioners of Delta County say the balance of \$442.20 for 1909 and \$787.70 for 1910 was allowed to the sheriff for deputy hire. We are unable to find any receipt or record as evidence that this money had actually been paid for deputy hire.

GUNNISON COUNTY

1910—Surplus fees due county, December 31, 1910.....	\$ 587.81
--	-----------

NOTE—The sheriff held the excess fees of 1910 to counteract a deficit in salary earned in 1909.

HUERFANO COUNTY

Excess fees due county for 1909, 1910, and 1911.....	\$ 283.05
--	-----------

GARFIELD COUNTY

1910—Excess fees due county	\$ 7.10
1911—Overpaid county treasurer	\$ 3.50
Amount due county	3.60
	—————

LARIMER COUNTY

1910—Excess fees due county.....	\$ 311.76
----------------------------------	-----------

NOTE—This, according to the sheriff, represents civil fees uncollected. However, under the law, he is held responsible for the collection of all fees.

MESA COUNTY

1909—Excess fees due county.....	\$ 20.25
1910—Excess fees due county.....	31.87
1909 and 1910—Amount due sheriff from county.....	\$ 29.20
Net balance due county, December 31, 1910.....	22.92
	—————
	\$ 52.12 \$ 52.12

OTERO COUNTY

1909—Excess fees due county, December 31, 1911,.....	\$ 63.56
1910—Excess fees due county, December 31, 1911,.....	322.78
1911—Excess fees due county, December 31, 1911,.....	622.39
<hr/>	
	\$1,018.93

NOTE—Part of this represents uncollected fees for which, under the law, the sheriff is responsible.

The sheriff was paid by county warrants for civil cases for 1909, 1910, and 1911 the sum of \$784.25. This amount should have been collected from plaintiffs and defendants in such cases and not from the county, which is contrary to law.

PROWERS COUNTY

1909—Excess fees due county	\$ 139.06
1910—The sheriff received for jailer in addition to salary and contrary to law	480.00
1910—Excess fees due county	99.15
1911—Sheriff received for jailer in addition to salary and contrary to law..	168.30
<hr/>	
	\$ 977.51

YUMA COUNTY

1910—Excess fees due county.....	\$ 97.24
----------------------------------	----------

GILPIN COUNTY

1909 and 1910—Sheriff received a flat salary of \$50.00 per month for acting as jailer and attending County Court. Cannot determine how much of this was for attendance in court, as number of days court was in session was not given.

CLERK DISTRICT COURT

IRREGULARITIES, UNAUTHORIZED PAYMENTS, EXCESS FEES, ETC.

FREMONT COUNTY.

1909—Excess fees due county uncollected.....	\$ 110.45
1910—Excess fees due county uncollected.....	6.12
	\$ 116.57

NOTE—Under the statute, the judge is responsible for all fees earned.

HUERFANO COUNTY.

1910—Excess fees due county.....	\$ 157.29
1911—Excess fees due county.....	156.95
	\$ 314.24

LAS ANIMAS COUNTY.

1911—Excess fees due county.....	\$ 264.35
	\$ 264.35

MESA COUNTY.

1909—Excess fees due county.....	\$ 23.50
1910—Excess fees due county.....	321.60
Criminal work for county, and not paid, due clerk.....	\$ 269.78
Balance due county.....	78.32
	\$ 348.10
	\$ 348.10

NOTE—\$63.50 of this amount represents naturalization fees, which, under a recent ruling of the Supreme Court, are fees of the office.

PROWERS COUNTY.

1911—Excess fees due county.....	\$ 49.80
	\$ 49.80

NOTE—\$44.50 of this amount represents naturalization fees, which, under a recent ruling of the Supreme Court, are fees of the office.

YUMA COUNTY.

1911—Excess fees due county.....	\$ 33.70
	\$ 33.70

NOTE—\$15.00 of this amount represents naturalization fees, which, under a recent ruling of the Supreme Court, are fees of the office.

NOTE—With few exceptions, no land office business is reported by clerks of the District Court. These earnings, under a recent ruling of the Supreme Court, are fees of the office, and not the private compensation of the clerk; and, as a result, there is considerable money due several of the counties from preceding district clerks and judges for prior years.

JUDGE AND CLERK OF COUNTY COURT.

IRREGULARITIES, UNAUTHORIZED PAYMENTS, EXCESS FEES, ETC.

• BACA COUNTY.

1911—Excess fees due county for 1911.....	\$ 103.98
---	-----------

NOTE—At the time this investigation was completed there was owing the judge in fees earned, but not collected, \$260.16. In checking this office, we charged all fees earned.

DELTA COUNTY.

1909—Excess fees due county.....	\$ 280.10
1910—Excess fees due county.....	543.10
	\$ 823.20

NOTE—In checking this office, entire fees earned were charged irrespective of the amounts collected. The judge under the statute is responsible for collections of all fees earned.

GARFIELD COUNTY.

1910—Excess fees due county.....	\$ 473.94
----------------------------------	-----------

NOTE—In this there is included \$205.89, criminal fees, owing from the county to the judge, which would stand as an offset to these figures. The net amount due from the judge to the county is \$268.05. In our check of this office, the judge is charged with the entire earnings, irrespective of what was collected. Under the statute he is responsible for all fees earned.

HUERFANO COUNTY.

1902—Illegally paid probate court from O. C. R. fund.....	\$ 412.00
1903—Illegally paid probate court from O. C. R. fund.....	428.00
1904—Illegally paid probate court from O. C. R. fund.....	376.00
1905—Illegally paid probate court from O. C. R. fund.....	412.00
1906—Illegally paid probate court from O. C. R. fund.....	356.00
1907—Illegally paid probate court from O. C. R. fund.....	316.00
1908—Illegally paid probate court from O. C. R. fund.....	344.00
1909—Illegally paid probate court from O. C. R. fund.....	360.00
1910—Illegally paid probate court from O. C. R. fund.....	284.00
1911—Excess fees due county.....	34.85
	\$ 3,322.85

NOTE—The above probate court payment was allowed and paid by warrants issued by the Board of County Commissioners to the

county judge, as salary in probate court since the incumbency of the present judge in office, January, 1902. Total amount illegally paid which, under the ruling of the Attorney General found on page 75 of his report for 1903 and 1904, is illegal and should be returned to the county.

\$ 188.00

MESA COUNTY.

1909—Excess fees due county.....	\$ 11.38
1910—Excess fees due county.....	53.56
<hr/>	
	\$ 64.94

OTERO COUNTY.

1909—Paid illegally for clerk hire.....	\$ 386.00
---	-----------

NOTE—Section 2569, page 730, Revised Statutes, 1908, provides that clerical assistance in other than first-class counties shall be a charge upon the county judge and shall be paid out of the salary allowed him, and not otherwise.

PROWERS COUNTY.

1909—Excess fees due county.....	\$ 322.90
1910—Excess fees due county.....	281.50
1910—Fees due court from county not collected.....	\$ 293.45
1911—Fees due court from county not collected.....	121.00
Excess fees due county for 1909, 1910, and 1911.....	189.45
<hr/>	
	\$ 604.40
	\$ 604.40

NOTE—In checking this office, the entire fees earned were charged, irrespective of the amounts collected. The judge under the statutes is responsible for collection of all fees earned.

YUMA COUNTY.

1909—Excess fees due county.....	\$ 37.88
1910—Excess fees due county.....	481.55
<hr/>	
	\$ 519.46

NOTE—This amount includes \$420 fees for land office business, which have heretofore been considered the personal compensation of the judge, but, under a recent ruling of the Supreme Court, are fees of the office. In checking this office, the entire fees earned were charged, irrespective of the amount collected; the judge under the statute being responsible for collection of all fees earned.

NOTE—IMPORTANT—With few exceptions, no land office business is reported by clerks of the County Court. The earnings from this source, under a recent ruling of the Supreme Court, are fees of the office, and not the private compensation of the clerks. As a result of this ruling there is considerable money due to several of the counties from the preceding clerks or judges of the County Court for prior years.

LETTER NO. 1

Denver, Colorado, November 9, 1911.

Hon. Benjamin Griffith, Attorney General, Denver, Colorado.

Dear Sir: Will you kindly advise whether fees coming into the hands of the judge and clerk of County Courts, from land filings or Land Office business, are the personal compensation of the clerk or a fee of the office?

It is my impression that a letter was written you along this line some months ago, but I find no record of these questions having been asked you, nor is your answer on file in this office.

Will you kindly give me this information at your earliest convenience?

Very truly yours,

H. J. LEDDY,
Public Examiner.

Denver, Colorado, July 6, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: In response to your letter of recent date, in which you inquired whether clerks of District Courts are entitled to fees for taking land proofs, without accounting for the same to the county, I beg leave to say that, by a recent decision of the Court of Appeals of this state, this matter, as well as other like questions, is set at rest; that is to say, all questions relating to fees of county judges and clerks of the District Courts, and like officers, in taking final proofs with reference to land entries, whether those fees relate to state lands or to federal lands.

You will recollect that heretofore we advised you that clerks of courts and county judges were entitled to their fees and did not have to account for the same to their respective counties, in the matter of taking land proof with reference to federal lands; and I believe that several county officers have acted under our opinion.

At the time the opinion was rendered there was no decision of our appellate courts with reference to the matter, and we followed the decisions of other states, which we considered good law.

However, it now appears that the Court of Appeals has decided the question adversely to our views, and I deem it wise, therefore, to inform you concerning the same, and would suggest that you send copies of this letter to every county attorney, county

judge, and every clerk of the District Court in this state, since I believe the course decided in the Court of Appeals case has not been heretofore generally followed, and in the future, therefore, each officer should adjust matters and arrange to follow out to the letter the decision of the Court of Appeals.

The decision I refer to is in the case of Glaister vs. Board of Commissioners of Kit Carson County, 123 Pac., 955. This opinion is found in the advance sheets of the Pacific Reporter, June 24, 1912, and will not be in a permanent volume for some time.

In this case an action was brought by the Board of County Commissioners against the judge of the County Court for certain fees collected by him, over and above his salary, in taking certain land proofs with reference to federal lands, the fees being provided for by United States Statutes. The court holds that fees collected by a county judge, under United States Statutes relating to the making of proofs, etc., under the federal land laws, should be accounted for by him as for services rendered in his official capacity, and that all fees over and above his salary should be turned in to the county treasurer.

Very sincerely yours,

BENJAMIN GRIFFITH,
Attorney General.

LETTER NO. 2

Denver, Colorado, December 15, 1911.

Hon. Benjamin Griffith, Attorney General, Denver, Colorado.

Dear Sir: Will you kindly give me an opinion on the following questions:

1. Is it legal for county sheriffs to charge constructive mileage when serving warrants on one or more persons, and in one or more actions on the same trip?
2. Are county sheriffs allowed to charge mileage for guards attending when transporting prisoners to penal institutions?

Very truly yours,

H. J. LEDDY,
Public Examiner.

Denver, Colorado, March 4, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: A letter of yours submits two questions, to which we reply as follows:

- "1. Is it legal for county sheriffs to charge constructive mileage when serving warrants on one or more persons, and in one or more actions on the same trip?"

This question is answered by a statute passed in 1907, and found as paragraph 8 of section 2532 of the Revised Statutes of Colorado, 1908, to-wit:

"Mileage for each mile actually and necessarily traveled in serving each writ, subpoena or other process, in counties of the first class, seven and one-half cents; second class, seven and one-half cents; third class, ten cents; fourth class, ten cents; fifth class, ten cents; PROVIDED, That actual, and not constructive mileage shall be allowed in all cases; and where more than one warrant is served by any officer on one trip, the actual mileage only shall be allowed such officer, and the actual mileage shall be apportioned among the several warrants served on the trip."

We further call your attention to a statute enacted in 1891, and found as section 2533 of the Revised Statutes of Colorado, 1908, which covers mileage in case service is made of two or more papers on the same person, or on different persons at the same time and place in the same action.

- "2. Are county sheriffs allowed to charge mileage for guards attending when transporting prisoners to penal institutions?"

The answer to this question is found in paragraph 23 of said section 2532, Revised Statutes of Colorado, 1908, which allows the officer transporting a prisoner, besides the actual expenses necessarily incurred, a certain amount per mile, varying in the different counties, and then adds:

"PROVIDED, HOWEVER, That such mileage shall be only by one officer, and no mileage shall be charged upon the guards attending the officer in the custody of the prisoner, or prisoners;"

and further provides for a certain daily compensation for said guards attending said officer.

Very truly yours,

BENJAMIN GRIFFITH,
Attorney General.

By THEODORE M. STUART, JR.,
Assistant Attorney General.

LETTER NO. 3

Denver, Colorado, February 28, 1912.

Hon. Benjamin Griffith, Attorney General, Denver, Colorado.

Dear Sir: In certain counties the official bond of the county officers—such as assessor, treasurer, sheriff, county judge, etc.—includes no justification of surety.

As regards the duty of the county officers, will you kindly advise what, under the statutes, is necessary to protect the county along the line of having the principal signing these bonds prove their ability to settle in case of defalcations?

Also kindly advise whether or not, in the case of a county treasurer who serves also as district clerk, it is necessary to have a bond filed as district clerk, while at the same time he is under bond as county treasurer?

Yours truly,

H. J. LEDDY,
Public Examiner.

Denver, Colorado, February 28, 1912.

Hon. Benjamin Griffith, Attorney General, Denver, Colorado.

Dear Sir: In a certain county the county treasurer fills both the office of treasurer and that of clerk of the District Court. He receives out of the fees of the treasurer's office a maximum salary allowed as treasurer, and in addition is allowed a certain amount for deputy hire, which is paid out of the fees of the treasurer's office.

As clerk of the District Court he receives fees amounting to about \$400 per year, which he retains as his personal compensation.

Is this officer within the law in holding these two county offices?

If he is within the law, kindly consider section 2570, on page 730, of the Revised Statutes of 1908, and advise the maximum he can receive for services to the county.

Yours truly,

H. J. LEDDY,
Public Examiner.

Denver, Colorado, April 10, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: Replying to your two letters dated February 28, we have to advise you as follows:

We do not know of any constitutional or statutory provision that forbids a man, who is otherwise qualified, from holding the offices of both county treasurer and clerk of the District Court.

Section 8 of Article V of the Constitution does not forbid it; and section 1320 of the Revised Statutes of Colorado, disqualifying certain officers from holding the office of county treasurer, does not cover the office of clerk of the District Court.

It was a rule of common law that the holding of one office does not in and of itself disqualify the incumbent from holding another office at the same time, provided there is no inconsistency in the functions of the two offices. This inconsistency or incompatibility between the two offices necessary to disqualify a person from holding both was a conflict of interest between the two, such as where the incumbent of one office had the power to remove the incumbent of the other.

By virtue of this common-law rule, we see no inconsistency in the functions of these two offices, though it is required by the Constitution that the incumbent devote his personal attention to the duties of his office.

A person who legally holds two county offices is entitled to the statutory salaries of both of said officers. This was determined in:

United States vs. Saunders, 120 U. S., 126.

United States vs. Brindle, 110 U. S., 688.

In re Conrad, 15 Fed., 641.

Therefore he would be entitled to the salary allowed for the county treasurer, as specified by section 2570 of the Revised Statutes of Colorado, and also the salary allowed for the clerk of the District Court, as specified in section 2568.

If he has a deputy county treasurer, and the work of said office is sufficient to require a deputy, such deputy would be entitled to the statutory salary provided for such officers, and paid in the manner prescribed by the statute. If he has no deputy, he should not be allowed any amount for deputy hire.

A person occupying both of these said offices should be required to execute two bonds—one covering the office of county treasurer, as required by statute, and the other covering his acts as clerk of the District Court, as required by statute. Both these bonds should be required without fail, as each relates only to the acts and duties of the respective office covered, and no action could be brought on one bond by virtue of a default or failure to perform the statutory duty required of the other office.

Regarding the necessity of having sureties on the bonds of county officers justify in any certain amounts, we have to advise you that the statute seems to allow the commissioners to accept said sureties without specific justifications in any amount, provided they duly approve said bonds. However, section 4706 empowers the county commissioners, either before or after the approval of said bonds, to require any one or more of the sureties thereon to make out and subscribe a statement, verified by an affidavit, of all of his property owned in Colorado, and the amount of his indebtedness, etc.

It thus appears that the affidavit of the property holdings of the sureties is optional with the commissioners; though we suggest that you advise them that good business requires that they exact in every case such an affidavit from every surety before they approve the bond.

The protection of the interests of the public demands that these bonds be executed with exceeding care and with all those requirements fulfilled which are customary in the execution of private bonds, one of the most important of which is the justification of the sureties in amounts amply sufficient to insure the obligee against loss.

Very truly yours,

BENJAMIN GRIFFITH,
Attorney General.

By THEODORE M. STUART, JR.,
Assistant Attorney General.

LETTER NO. 4

Denver, Colorado, February 28, 1912.

Hon. Benjamin Griffith, Attorney General, Denver, Colorado.

Dear Sir: In a certain county the treasurer has failed to hold tax sales each year.

There is a considerable amount of uncollected taxes on which the land would be subject to tax sale, and I want advice as to whether there is any legal grounds on which a treasurer can refuse to hold these tax sales.

In other words, do the statutes make it compulsory that these tax sales be held yearly?

Yours truly,

H. J. LEDDY,
Public Examiner.

Denver, Colorado, March 9, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: I have your letter of February 28, inquiring whether there are any legal grounds on which the county treasurer can refuse to hold tax sales each year.

In response thereto, I beg leave to say that, in my opinion, if there are delinquent taxes in any county in any year, it becomes the duty of the county treasurer, as provided by sections 5706 to 5725, and other sections of our laws (Revised Statutes, 1908), to hold a tax sale in accordance with the provisions of law.

Section 5714 provides that these sales shall be held on or before the second Monday in November of each year. Section 5715 provides that, if the real property cannot be advertised and offered for sale on or before the second Monday in November, it shall be the duty of the treasurer to make the sale on any subsequent date on which it can be made; and, further, that any treasurer who fails or refuses to advertise and begin a sale later than the second Monday in November, as provided for in the act, shall forfeit to the county 10 per cent of his fees arising out of such sale.

From the foregoing it appears quite clear that, if there are delinquent and unpaid taxes, as aforesaid, in any year, and if the treasurer fails or refuses to advertise and

begin the sale not later than the second Monday in November, as provided, in addition to the penalty provided for, mandamus would lie to compel him to conduct the sale, as provided by law.

Very truly yours,

BENJAMIN GRIFFITH,
Attorney General.

LETTER NO. 5

Denver, Colorado, May 24, 1912.

Hon. Benjamin Griffith, Attorney General, Denver, Colorado.

Dear Sir: In a number of the counties the commissioners have printed on the face of the juror and witness certificates the following:

"Personal taxes a counter-claim against this certificate."

In one of the counties the commissioners wish to enforce this ruling, and I will ask you to advise whether or not there is anything in the statutes which would substantiate them in such action.

Very truly yours,

H. J. LEDDY,
Public Examiner.

Denver, Colorado, June 26, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: In reply to yours of May 24, in which you say that the commissioners of certain counties have had printed on the face of juror and witness certificates the words: "Personal taxes a counter-claim against this certificate," and asking whether they can enforce the same, I will say that, in my opinion, there is no authority in law for making such certificates a counter-claim as against personal taxes.

Section 1405 of the Revised Statutes of 1908, in regard to witness fees, is as follows:

"That if any person entitled to witness fees in any suit in the district or county courts shall, within one year from the time his right to such fees accrued, make application to the clerk of the district court or the county judge, said clerk or judge shall give him a certificate setting forth the amount due to said witness, which amount shall be paid by the county treasurer upon the presentation of said certificate."

Section 3703, in regard to jurors' fees, is as follows:

"The clerk shall, without fee, furnish to each juror who shall attend at any term of court, a certificate showing the number of days that such juror shall have attended at such term; and upon presentation thereof to the county commissioners, they shall issue to such juror their warrant upon the county treasury for the amount of the per diem and mileage of such juror."

In my judgment, personal taxes must be collected in the manner provided by law. Section 5673 of the Revised Statutes, 1908, provides as follows:

"All fees and taxes together with all penalties and costs thereon shall be payable in cash only."

And sections 5677 and 5678 provide the procedure for the collection of personal taxes, and it is nowhere contemplated in the statutes that they may be collected in the manner which the county commissioners are seeking.

Very truly yours,

BENJAMIN GRIFFITH,
Attorney General.

By GEORGE D. TALBOT,
Special Counsel.

LETTER NO. 6

Denver, Colorado, June 14, 1912.

Hon. Benjamin Griffith, Attorney General, Denver, Colorado.

Dear Sir: Will you kindly advise whether or not a county commissioner is within the law when he charges \$5 a day and expenses, \$5 a day and mileage, or \$5 a day for services for acting as a road overseer, bridge overseer, road viewer, or a road or bridge superintendent, or for services performed by himself, either in a manual or supervisory capacity, on roads or bridges?

I find in many of the counties of this state the members of the Board of County Commissioners allow bills to themselves for one or more of the above-named services of the county, and at the same time are paying one or more road superintendents for performing this same service.

Very truly yours,

H. J. LEDDY,
Public Examiner.

Denver, Colorado, June 22, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: I have your favor in which you inquire whether a county commissioner is within the law "when he charges \$5 a day and expenses, \$5 a day and mileage, or \$5 a day for services for acting as a road overseer, bridge overseer, road viewer, or a road and bridge superintendent, or for services performed by himself, either in a manual or supervisory capacity, on roads or bridges."

Your question is rather involved, and, if you have any given case in mind, if you can furnish the facts in that case I might be able better to understand the situation.

However, replying to the questions propounded, I would say, generally, that there is no question but that a county commissioner is entitled to \$5 per day for his services; also, statutory mileage in going to the place of meeting and going home again. Of course, I understand this mileage to be charged only in such a case. Usually county commissioners living in the country come to the county seat and stay there during the session of the board, then returning home again. They would be entitled to mileage at the beginning and at the conclusion of each session. I do not understand that they would be entitled to mileage for journeys or trips in other matters.

Now, with reference to \$5 a day and expenses: That is a matter which it is very difficult to answer without knowing just what the circumstances are. I have in mind a case where county commissioners, when they have been in session, are called into the country to look over work done for the county, or in order to view a road, etc., etc.; and I believe in such a case that their ordinary expenses, in the way of conveyances, etc., should be provided for.

With reference to services for acting as road overseer, etc.: This presents a very grave question, and one upon which many lawyers in this state differ. I know of no law relating to the administration of county affairs that needs to be amended, in order to clear up many ambiguities, more than the law with reference to county commissioners; and I trust your department will bear this in mind at the coming legislature. Disputes over such matters as you inquire about arise owing to the uncertainty of the law, and the same should be made clear at an early date.

As already stated, I am unable to write more definitely at this time, without having the concrete facts before me.

Very sincerely yours,

BENJAMIN GRIFFITH,
Attorney General.

LETTER NO. 7

Denver, Colorado, September 13, 1912.

Hon. Benjamin Griffith, Attorney General, Denver, Colorado.

Dear Sir: You wrote me on July 16 in regard to a decision made by the Court of Appeals relative to the application of fees for land filings. Will you kindly advise whether the fees for naturalization are the personal compensation of the district clerk, or whether they are part of the fees of the office?

This is confirmation of telephone conversation with you today.

Very truly yours,

H. J. LEDDY,
Public Examiner.

Denver, Colorado, September 17, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: I have your letter of September 13, inquiring whether the fees for naturalization are the personal compensation of the clerk of the District Court, or whether they are part of the fees of the office.

Our letter of July 16, 1912, referred to the decision rendered by the Court of Appeals on May 13, 1912, in the case of Glaister vs. Board of County Commissioners of Kit Carson County. That decision held that fees accruing in connection with acts done by a judge

of the County Court under the provisions of section 2294 of the Revised Statutes of the United States, as amended in 1890 (26 Statutes at Large, 121), relating to the making of proofs under the land laws of the United States, should be paid into the county treasury and were not the personal emoluments of the officer, but part of the fees of the office.

Under date of May 16, 1911, we advised you that with regard to naturalization fees the contrary rule prevailed, relying upon the peculiar wording of the naturalization act, and upon the cases of Eldredge vs. Salt Lake County, 106 Pac., 939 (Utah, 1910), and Inhabitants of Hampden vs. Morris, 93 N. E., 579 (Mass.), as authority for our position.

Since the decision of those cases, however, the case of San Francisco vs. Mulcrevy, 15 Cal. App., 11, has been decided to the contrary, as also the case of Barron County vs. Beckwith, 142 Wis., 519, showing that the courts differ very materially upon the construction to be given to state statutes similar to our own, when considered in connection with the federal statute providing that—

“ * * * clerks of courts exercising jurisdiction in naturalization proceedings shall be permitted to retain one-half of the fees collected in any fiscal year up to the sum of three thousand dollars.”

In view of these more recent decisions, therefore, and the strong ruling of the Court of Appeals in the case of Glaister vs. Board of Commissioners, 123 Pac., 955, I believe that the courts of this state would require the clerk of the District Court to account for these fees, and that they ought not to be regarded as a personal emolument in addition to the salary provided by law.

Very truly yours,

A. A. LEE,
Deputy Attorney General.

LETTER NO. 8

Denver, Colorado, October 28, 1912.

To All County Judges, County Attorneys, and Clerks of District Courts.

Dear Sir: You will note below transcript of a letter from the Attorney General relative to the application of naturalization fees. Owing to the fact that the Attorney General rules that such fees are part of the receipts of the office, and not the private compensation of the individual performing the work, I consider it wise that you be advised as to the status of this matter.

“Denver, Colorado, September 17, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: I have your letter of September 13, inquiring whether the fees for naturalization are the personal compensation of the clerk of the District Court, or whether they are part of the fees of the office.

Our letter of July 16, 1912, referred to the decision rendered by the Court of Appeals on May 13, 1912, in the case of Glaister vs. Board of County Commissioners of Kit Carson County. That decision held that fees accruing in connection with acts done by a judge of the County Court under the provisions of section 2294 of the Revised Statutes of the United States, as amended in 1890 (26 Statutes at Large, 121), relating to the making of proofs under the land laws of the United States, should be paid into the county treasury and were not the personal emoluments of the officer, but part of the fees of the office.

Under date of May 16, 1911, we advised you that with regard to naturalization fees the contrary rule prevailed, relying upon the peculiar wording of the naturalization act, and upon the cases of Eldredge vs. Salt Lake County, 106 Pac., 939 (Utah, 1910), and Inhabitants of Hampden vs. Morris, 93 N. E., 579 (Mass.), as authority for our position.

Since the decision of those cases, however, the case of San Francisco vs. Mulcrevy, 15 Cal. App., 11, has been decided to the contrary, as also the case of Barron County vs. Beckwith, 142 Wis., 519, showing that the courts differ very materially upon the construction to be given to state statutes similar to our own, when considered in connection with the federal statute providing that—

“ * * * clerks of courts exercising jurisdiction in naturalization proceedings shall be permitted to retain one-half of the fees collected in any fiscal year up to the sum of three thousand dollars.”

In view of these more recent decisions, therefore, and the strong ruling of the Court of Appeals in the case of Glaister vs. Board of Commissioners, 123 Pac., 955, I believe that the courts of this state would require the clerk of the District Court

to account for these fees, and that they ought not to be regarded as a personal emolument in addition to the salary provided by law.

Very truly yours,

A. A. LEE,
Deputy Attorney General."

This for your information.

Very truly yours,

H. J. LEDDY,
Public Examiner.

LETTER NO. 9

Denver, Colorado, July 10, 1912.

To All County Judges, County Attorneys and Clerks of District Courts.

Dear Sir: You will note below transcript of a letter from the Attorney General relative to the application of fees with reference to land entries. Owing to the fact that the Attorney General rules that such fees are part of the receipts of the office, and not the private compensation of the individual performing the work, I consider it wise that you be advised as to the status of this matter.

Very truly yours,

H. J. LEDDY,
Public Examiner.

"Denver, Colorado, July 6, 1912.

Hon. H. J. Leddy, Public Examiner, Denver, Colorado.

Dear Sir: In response to your letter of recent date, in which you inquired whether clerks of District Courts are entitled to fees for taking land proofs without accounting for the same to the county, I beg leave to say that, by a recent decision of the Court of Appeals of this State, this matter, as well as other like questions, is set at rest; that is to say, all questions relating to fees of county judges and clerks of the District Courts, and like officers, in taking final proofs with reference to land entries, whether those fees relate to state lands or to federal lands.

You will recollect that heretofore we advised you that clerks of courts and county judges were entitled to their fees and did not have to account for the same to their respective counties, in the matter of taking land proof with reference to federal lands; and I believe that several county officers have acted under our opinion.

At the time the opinion was rendered there was no decision of our appellate courts with reference to the matter, and we followed the decisions of other states, which we considered good law.

However, it now appears that the Court of Appeals has decided the question adversely to our views, and I deem it wise, therefore, to inform you concerning the same, and would suggest that you send copies of this letter to every county attorney, county judge, and every clerk of the District Court in this state, since I believe the course decided in the Court of Appeals case has not been heretofore generally followed, and in the future, therefore, each officer should adjust matters and arrange to follow out to the letter the decision of the Court of Appeals.

The decision I refer to is in the case of Glaister vs. Board of Commissioners of Kit Carson County, 123 Pac., 955. This opinion is found in the advance sheets of the Pacific Reporter, June 24, 1912, and will not be in a permanent volume for some time.

In this case an action was brought by the Board of County Commissioners against the judge of the County Court for certain fees collected by him, over and above his salary, in taking certain land proofs with reference to federal lands, the fees being provided for by United States Statutes. The court holds that fees collected by a county judge, under United States Statutes relating to the making of proofs, etc., under the federal land laws, should be accounted for by him as for services rendered in his official capacity, and that all fees over and above his salary should be turned in to the county treasurer.

Very sincerely yours,

BENJAMIN GRIFFITH,
Attorney General."
